

Lions' pres. Vic Dowling fills dunk tank

Carnival-annual tradition for Penetang Lions Club

The Penetanguishene Lions Club's annual family carnival has been a long-standing tradition in town over the years. It's that community-minded organization's chief means of raising operating funds on a year-to-year basis.

This Friday evening, Robert Street West, from the main intersection to the

municipal office, will be closed to traffic for the annual carnival.

There will be games of chance for everyone, a fishing pond for the youngsters, bingo, and the very popular dunk tank.

This November the Penetang Lions Club will be celebrating its 41st year of operations. As a member of the International Associ-

ation of Lions Clubs, Penetanguishene Lions are a part of the world's largest, most active and most representative service club organization.

The first Lions Clubs were organized in Canada back in 1920. Involved in fund-raising activities since it received its charter in 1939, the Penetang Lions has aided the com-

munity in a variety of ways. Each year the local club looks after the Easter Seals campaign. The club has worked with projects in sports and recreation, health care, social activity groups and charitable organizations.

The annual Lions Club carnival is truly that — staged every year since the club received its charter.
