Patiently waiting

This little guy is patiently waiting for the ball to come his way in a recent T-Ball game. The games are held every Tuesday night at Parkview School with 10 teams participating.

Gov't. offers new service

Agriculture Canada is offering a new service to help Canadian food retailers.

"The Retail and Food Service Industry Section was set up to improve communications between retailers, government, and other parts of the food industry," says Ted Cochrane, who heads up the retail unit in the new section.

"We try to keep abreast of retailers' needs and recent developments in the retail and food service

sector."

The section has concentrated its efforts so far on developments in the use of optical-reader cash registers in food stores.

"By monitoring the use of these computerized check-outs in retail stores across North America, we hope to gauge the overall effect they will have on the Canadian food market," Mr. Cochrane says.

Mr. Cochrane's staff are also studying the

share of the food market held by the large food chains and independent retailers.

Correction

In the July 25 issue of this paper it was reported in the sports that the A&W Pee Wee Lacrosse team scored three goals on their own net. A&W however only scored once on their own

net accidentally in the first period. The final score of the game against Barrie ended in 12-2 for Midland not 12-3 as was reported last week. We hope that this error did not cause any inconvenience.
