

## Heavy damage after car rolls over near Port Severn

Some \$8,000 damage occurred to a 1980 car belonging to Port

Severn man Dietrich Schuster, 52, in a single vehicle accident last

Friday. Schuster took the cutoff from Highway 69

into Port Severn at 1:45 a.m., struck the gravel shoulder, and entered

the east ditch. The car struck a hydro pole and then rolled over,

Midland OPP says.

Schuster was taken with minor injuries to Huronia District Hospital by ambulance. No charges were laid.

Investigation continues into an accident last Thursday involving two brothers driving separate vehicles.

A total of \$2,500 damage occurred to each of the two cars, driven by Robert Blanchard, 19, and Ronald Blanchard, 17,

both living on the Ninth Concession of Tay Township.

Both young men were northbound on Tay's Eighth Concession, approaching the stop sign at Highway 12 around 11:30 p.m.

Robert Blanchard was rammed from the rear by Ronald Blanchard. Ronald received a minor injury which, the OPP reports, apparently was so minor it went untreated.

## Charges laid following seven break-ins

A town of Midland police investigation into a rash of break-ins between Aug. 18 and Aug. 22 has resulted in charges against a 16-year-old Midland youth and a 15-year-old juvenile.

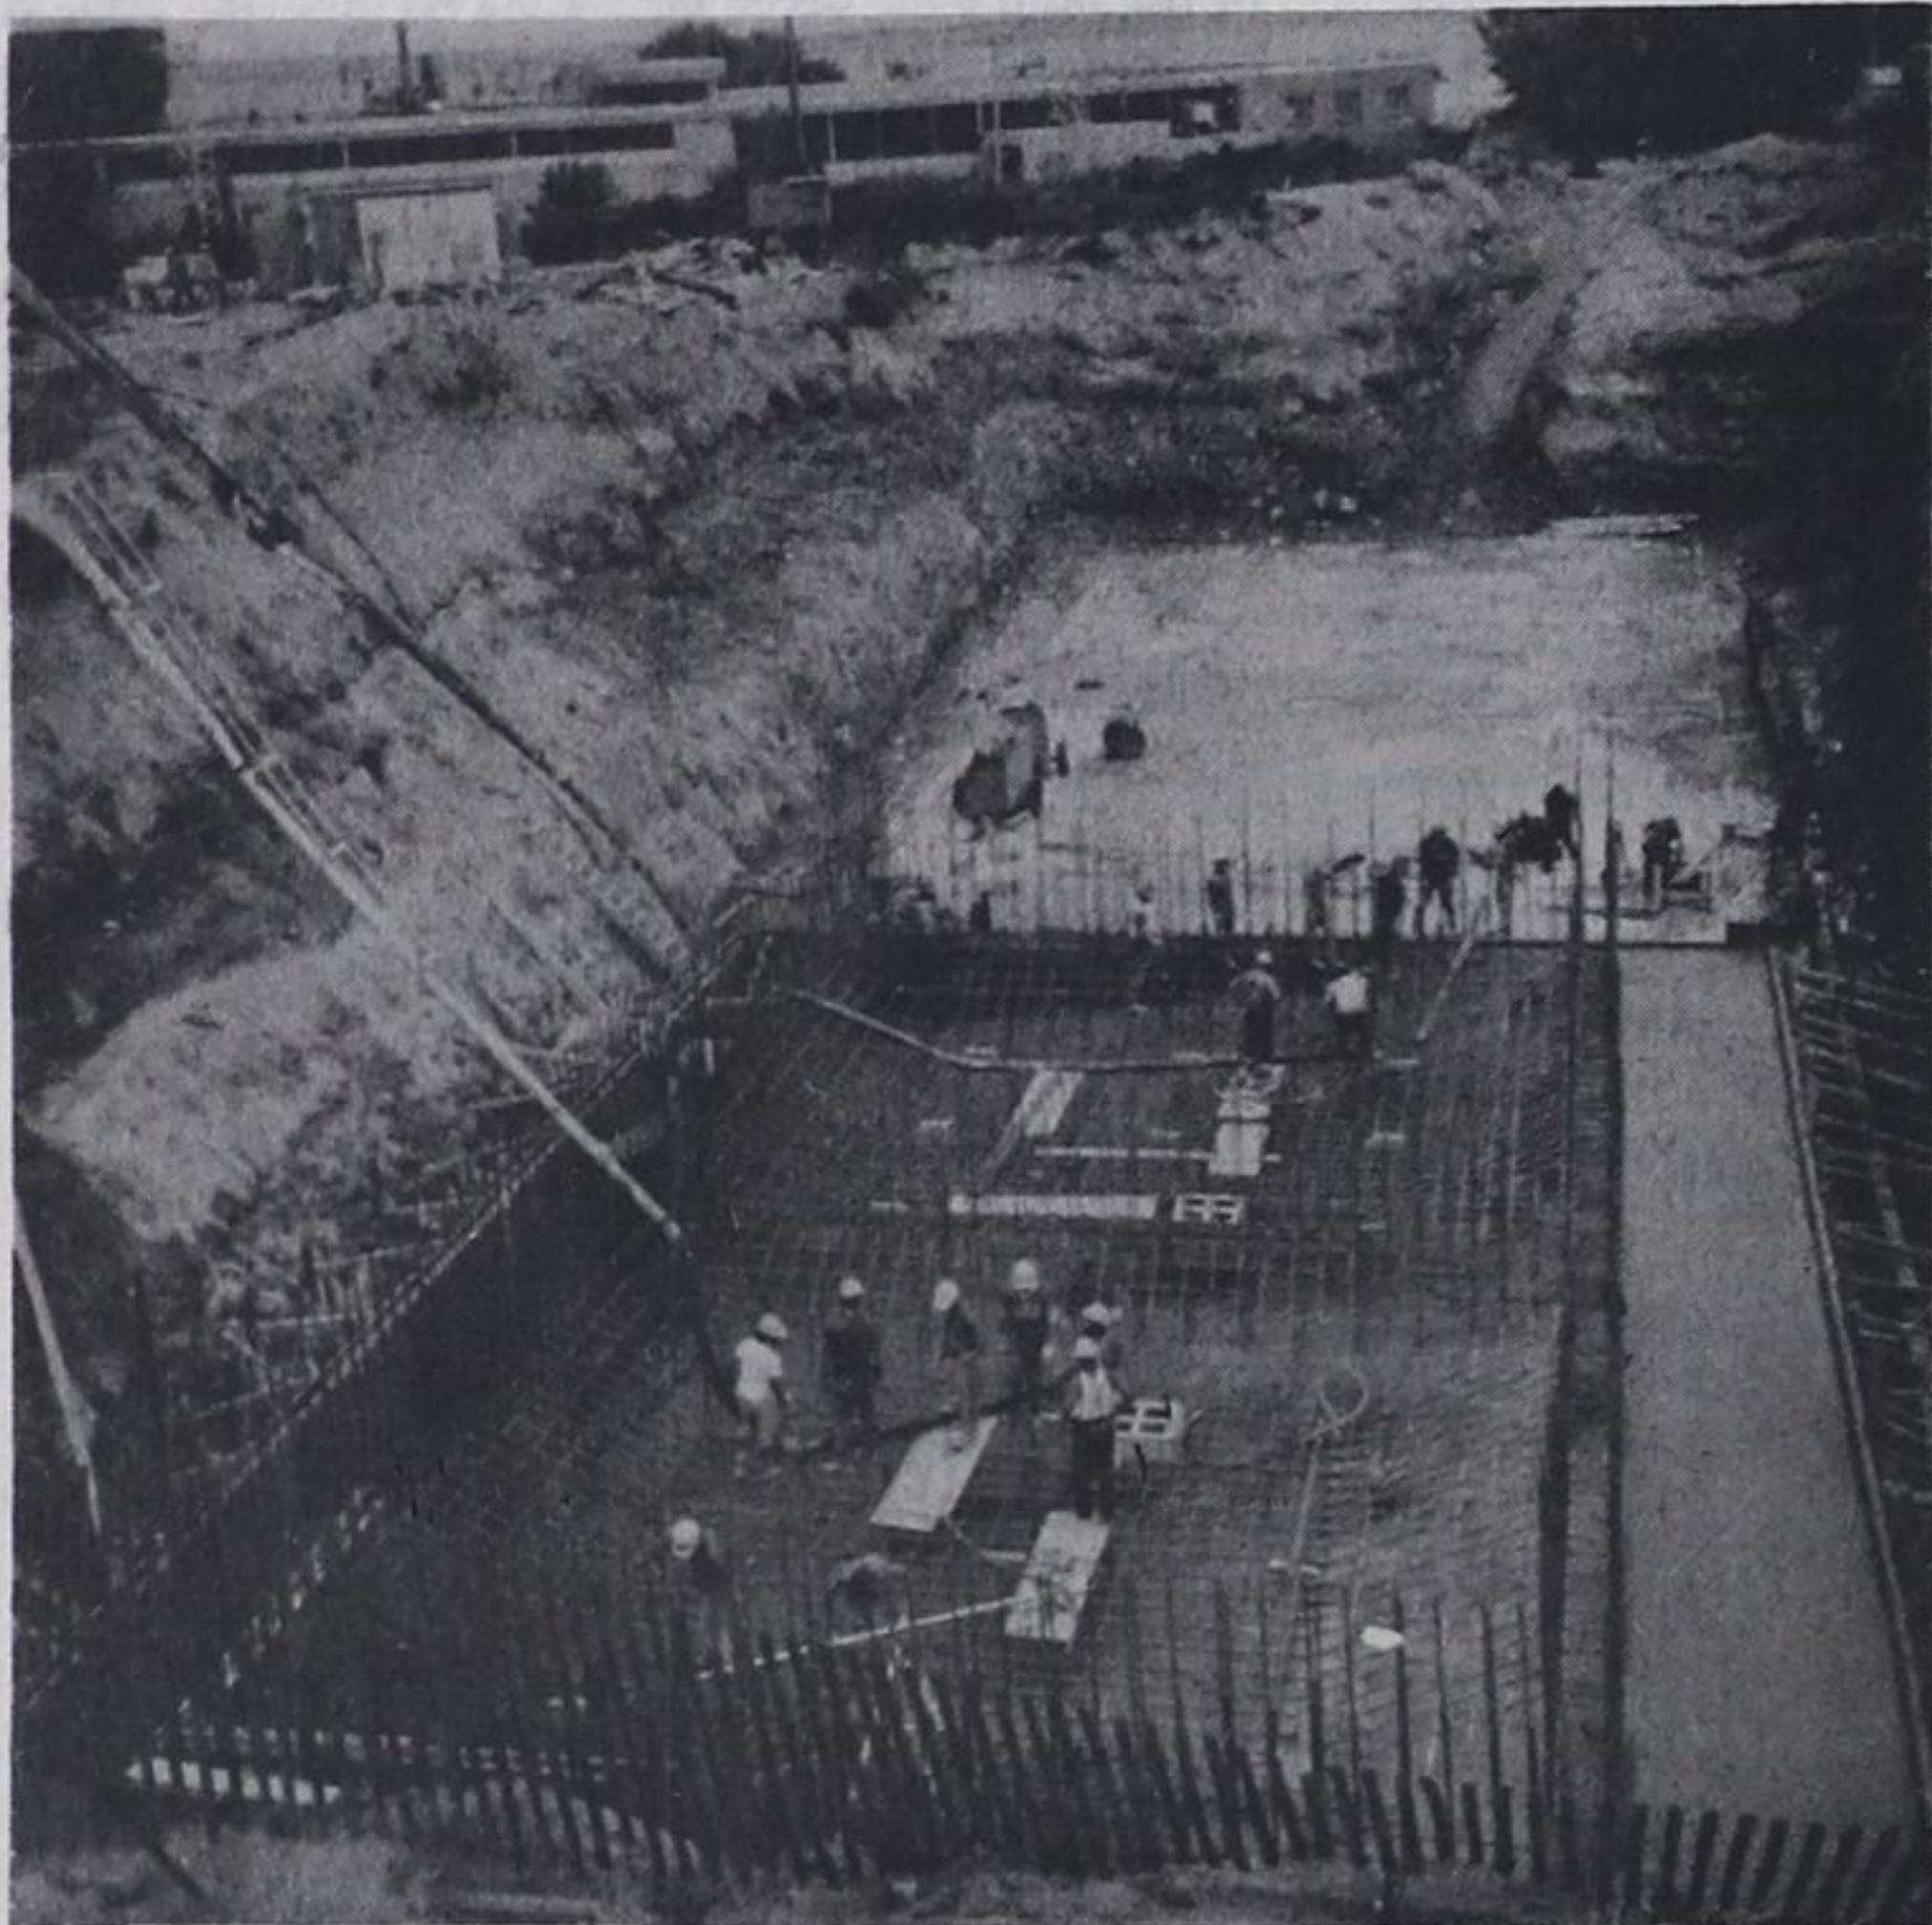

Gildore Maracle, 16, will appear in court Sept. 8 on six counts of break and enter.

The name of the other person was not released because of age. Three counts of break and enter were laid against the juvenile.

In the five days break-ins occurred at the Simcoe County Health Unit, the Little Lake Park Office, the Ministry of Transportation and Com-

munications office, the Huronia Museum, Midland Lawn Bowling Club, and the Indian Village. The Indian Village was hit twice.

Tuesday morning Midland police received a call from Walker's Electric reporting the theft of a \$166 tool from a toolbox left overnight at RCA by a Walker's Electric employee.

### The pour goes on

Cement trucks were hard at work yesterday afternoon at Midland's water pollution treatment plant where some 540 cubic meters of concrete was being poured to form an aeration tank

at the plant. The pour was part of 2,850 cubic meters of concrete that will be used for the huge football field-like structure.

### Only in Canada, you say?

You can really tell you're living in Canada when you see a homemade sign like this one. This particular

memorial to the great Canadian symbol is located just off the 8th Concession of Tiny Twp.
