

# Night school at MSS offers something for everyone

Registration for night classes will take place at Midland Secondary School next Monday and Wednesday, Sept. 22 and 24, between 7 p.m. and 9 p.m.

Details of courses can be picked up at the school and library, the Y.M.C.A. and various stores in town.

Simcoe County Board of Education is offering a full slate of courses, academic, social, technical, hobby and recreational, through its "Continuing Education Evening Programme."

New possibilities this year include a choice of three cooking courses (beginners, gourmet, natural foods), a cameo course for those who would like to try liquid embroidery, and a Christmas crafts course concentrating on sewing your own Christmas decorations.

The growing interest in computers for home and business has led to an introductory course in computers being offered.

Other new offerings this year include courses in parenting, rope-splicing, weaving,

and two new approaches to mental and physical fitness through the "Trim and Tone" or the Tai Chi course in the "gentlest of the martial arts".

Some courses have new instructors. There is a new young teacher for the art courses on Mondays and Tuesdays, Mary Ellen Moore.

Mrs. Ley, highly recommended by the former instructor, has taken over the Hooking Crafts course.

The Conversational French classes will have new instructors this year, Bernadette Cowdrey and Anita Lamoureux, and in the sports department, Rick Presse will offer a course to certify volleyball coaches.

The usual practical courses in auto, small engines, welding and woodshop will be offered, plus the possibility of a machine shop course with Mark Sullivan if enough sign up.

Chester Graham will be repeating the recreational basketball programme, which offers a "league play"

experience to adults with no, or little, game experience.

More general

recreational programmes are also available -- co-ed with Ray Brien, ladies with Nancy

Mosely.

Val MacMenemy and John McCallum will repeat their of-

fering of a drama course for young people, but it is necessary to sign up 30 people for it to

go.

It will be concentrated into five weeks, two nights per week.

Finally, the tutoring service, in math, science and English, for day school students will be offered again on Monday evenings.

## Hille takes six of nine prizes in photo contest

Shutterbugs proved for a fact that downtown Midland is pretty as a picture in the photo contest run by the Business Improvement Area.

A total of nine prizes in the photo contest were won by four Midland residents, as judged by Budd Watson, Hugh Niblock, and Dave Battrick, all of Midland.

Gunter Hille, however, swept the contest winning six of the nine prizes.

The photographs were entered in three categories, harbour, people picture and pictorial.

First prize in the Harbour category went to Gunter Hille with second place going to Robert Murray.

Ms. Sharon Limoges claimed third place in the Harbour category.

Gunter Hille won all three prizes in the People Picture category.

In the Pictorial category, Gunter Hille took both first and third place.

Michael Cioken claimed second place in

the pictorial category. Other contestants were Bruce Finlayson, Tim Sweeting, Karl Berden, and Wils Harrison.

For \$6 a student can have a good study location, be close to reference materials and have available qualified teachers when in need of assistance.

### Block Parents to meet

There will be a General Meeting of Block Parents in the council chambers at the Municipal Building Sept. 21 / 80 at 7:30 p.m. Our guest speaker is Jane Dickenson of Owen Sound.

We would also like to say thank you to the children who helped and all the people who made our tag day a success.
