

Reason to smile

Money for Terry Fox's Marathon of Hope is still coming in. On Thursday, Sept. 18, Mrs. H. Belfry, a teacher at Corpus Christi School in Penetanguishene presented a cheque for more than \$300 to Shirley Mills, representing the Cancer Society. The money was raised by staff and students of the school during a Terry Fox Day held at the school Sept. 10.

Midland Athletics to be competitive

The first night of Midland Athletics Intermediate "A" hockey team tryouts Monday at Midland Centennial Arena looked good with lots of players to choose from. Seven goaltenders showed up for the tryouts making the decision very difficult for the coaches.

A bright spot of the night was the appearance of Billy

Beauchamp of the Orillia Travelways and Ken Knapton of the Barrie Flyers.

There was a little difficulty in obtaining their releases from those teams along with Wayne King's of the Collingwood Shipbuilders.

Those releases were granted before the Monday session.

Bob Monteith says that the team looks good

and feels confident with their goaltending possibilities.

He also feels that the team will be competitive and is looking for some young players to show up at the next few tryouts.

The tryouts will continue tonight and tomorrow night with an exhibition game against Collingwood Shipbuilders Sunday night in the Midland Arena.

Good medical staff for Midland Athletics

Midland Athletics Intermediate "A" hockey team will be a healthy club this season.

Their medical staff guarantees to be the best in the league and will bring the level of organization up to professional team status.

Dr. Peter Cameron from Midland is the team physician and is fully skilled in chiropractic treatment.

He will be assisted by Rod Stibel of Midland who is also a chiropractor.

The third member of the medical staff is Dr.

Terry Porter from Barrie who is an orthopedic surgeon and will also help out in the medical care of the team.

Midland takes championship in Simcoe Rural Fastball League

In Simcoe Rural Fastball League action Monday, Midland claimed the championship by defeating Vasey 9-1 at the Midland

main ball diamond. This concludes the season for the league and congratulations go out to both teams for a well-played series.

Hockey executive organizing

Midland Minor Hockey House League will begin its new season on Oct. 11.

The executive for this year will be basically unchanged with Barry Bressette, Rick Larmand, Bob Irvine and

Ken Proulx, all of Midland, returning to supervise the individual levels of play.

A newcomer will be helping out the group this year. It has not been decided which level Ron Edwards of Midland

will be handling as of yet.

Larmand will be looking after the novice level while Irvine will take care of the tykes

Proulx will be supervising the midget squads and possibly the bantams.

Cunningham is an honest golfer

There is one thing you can definitely say about Wally Cunningham of Midland. He is one honest golfer.

Cunningham is

manager of the local Chamber of Commerce and recently participated in the chamber's annual golf tournament at the

Midland Golf and Country Club.

Cunningham's gross score was 160 but thanks to a handicap of 90, his

score was brought down to a net of 70.

Ross Herbert with a low gross of 79, and Egon Zeitel with a low net of 69, both of

Midland, were winners.

Longest drive off the first tee was David Mink from Midland.

Herb Mellishes shot closest to the pin on the seventh hole with Wayne Dewitt matching that feat on the 11th.

The longest drive on the 15th hole was by Bob Templeton of CKMP.

On both the front and back nine, there was a hidden hole which the highest score on that hole won the golfer a prize.

The front nine prize was won by Frank Zguziak with the back nine prize going to John Patchell.

The star of the tournament was of course, Cunningham, for without his honesty, the game of golf would not be the game it is today, a truly competitive sport.

Rep teams will be well represented

Midland Minor Hockey Representative teams are scheduled to begin their season the first week of November.

President of the Midland minor hockey association, Doug

Gadsby, will have lots of help this year in assuring success for the upcoming season.

His executive will be Tom Brodeur of Midland, Jack Baguel of Port McNicoll and

Barry Bressette of Midland.

They will be responsible for keeping Gadsby informed of any problems in the different levels of play.

The supervisors of the

various plateaus will report to the executive.

Supervisors for this year are:

Minor Atom - Jim McLaren, Midland.

Major Atom - Bill Logan, Midland.

Minor Peewee - Wayne Dewitt, Midland.

Major Peewee - Wayne Marchand, Midland.

Minor Bantam - Bill Jones, Sr., Midland.

Major Bantam - Jack Baguely, Port McNicoll.

Minor Midget - unfilled.

Major Midget - Bob Colbourg, Midland.

Badminton club starts new season

It's about that time of year when men and women will be getting back on the courts and commence batting birds around.

Before all the conservationists begin yelling, it had better be explained that this is not a form of cruelty.

It just means that the Midland Badminton Club started their new season yesterday at Midland Secondary School.

The club will play Tuesday and Friday nights from 8 p.m. to

10:30 p.m.

To join the club, it costs \$15 for a single player or \$25 for a couple. You supply the racquet, they will

supply the birds.

Anyone interested should call Felix Capella at 526-7105 or Bob Thomson at 526-9940.

MARY DOESN'T GET OUT MUCH ANYMORE.

Communities, like families, have responsibilities.

Responsibilities to the very old and the very young, to the handicapped and disadvantaged, to single parents like Mary, tied to the home and unable to build a future for themselves and their children.

With the best will in the world, there are rarely enough workers with enough time to give to important projects like these; and there's never enough money to do everything that should be done.

Well right now, in this community, there are people looking for useful work to do. Men, women and teenagers, many with skills they're anxious to use and improve, who could help provide those needed extra services.

And so far as the Government of Canada is concerned, there's nothing more important than to give them the chance.

Community Services Projects funding is available through Employment and Immigration Canada; established funding to help non-profit groups and organizations broaden the scope and the scale of the services they provide and at the same

time put local people to work. Not here-today-gone-tomorrow funding, but financial assistance which can be extended to a maximum three-year period.

You know what needs to be done even better than we do.

So pick up an application form at any Canada Employment Centre. Put together a proposal that will help this family community take even better care of its own and provide at least one new job opportunity. Tell us what it will cost and (if the service you propose fills a permanent need) how you plan to carry on when the funding period ends.

We're looking forward to hearing from you. We need your help. And so does the family.

HELP WANTED.
CANADA'S EMPLOYMENT PLANS WON'T WORK WITHOUT YOU.
