Wednesday, 29 Oct. - 8:45 p.m. Barrie Blues at Queens Hotel Sports

Thursday, 30 Oct. - 8 p.m. Midland at Stayner Mistics

Got ya!

Todd Clarke of Midland Secondary School's football team is brought down by a member of Park St.

School in Orillia. The game, played at MSS Friday ended in a 23-19 victory for Midland.

MSS girls second in tourney

Kim Carpenter, Carolyn Meech, Kelly Edwards and Mary Russell of Midland Secondary School usually play on the junior girls' basketball team, but for a tournament held in Elmira, Ontario over the weekend, they were seniors.

The tournament was held Saturday and the Midland squad first met Guelph, soundly defeating them 46-8.

Tracy Vent scored 14 points in that game while Kelly Edwards proved to all watching that she could handle herself as well as any of the seniors when she totalled up 10 points.

In the semi-final round, Midland squeezed out Elmira 28-24 in an exciting overtime game.

Elmira went on to win their next two games which meant that they would face Midland once again in the finals.

Strong defence for Elmira was the undoing of Midland's squad as they went down in defeat a close 27-22 for the second place finish.

Sunday Sinners see upsets

The biggest move in Penetanguishene Sunday Sinners' Bowling League is by the Lucky Strikers who moved from third place up to a first place finish for the week.

The league bowls out of the Penetanguishene bowling alley, this week being one for a great number of upsets.

The Born Losers who were leading the league after last week's play has now dropped into second and are followed closely by the Heavy Rollers who were third from last this previous week.

Gerald Lesperance saw his high average of 205 drop down to fourth highest.

The new leader in that category for men is Jim Bressette with 217.

Ladies' high average holder, Pamela Lesperance maintained her title with no one coming close to her 190 yet.

Jim Bressette also moved ahead in the high single score beating Dean Chapman with his 317 score.

Pat McConkey held the title for the ladies until this week, but fell to third behind Betty Thayer with 273 and Stella McIntaggart with 259.

Bressette also claimed the title of high triple with a score of 878, relegating Gerald Lesperance to a second place position.

Pamela Lesperance held onto her high triple score of 647.

TRAMISOL®

\$21.49 extra profit per head
at Thorlakson Feedyards.

Sam G. Raflaub
Vice-President, Thorlakson Feedyards

In a recent trial at Thorlakson Feedyards, Airdrie, Alberta, 70 head of cattle treated with TRAMISOL dewormer were compared with a 70-head control group.

At Thorlakson Feedyards the efficacy of a dewormer is determined by measuring rate of gain and feed efficiency. After 115 days, the TRAMISOL treated cattle had gained an average of 405 lb. The untreated group, gained 374 lb. per head.

The difference: 29 extra lb. per head with TRAMISOL. And at market that meant a net return of \$21.49 extra profit per head.

TRAMISOL. It pays off.
