

# Traction Action

Plow through snow with confidence

## Hiway-Byway Radial

Belted with DuPont's mighty KEVLAR

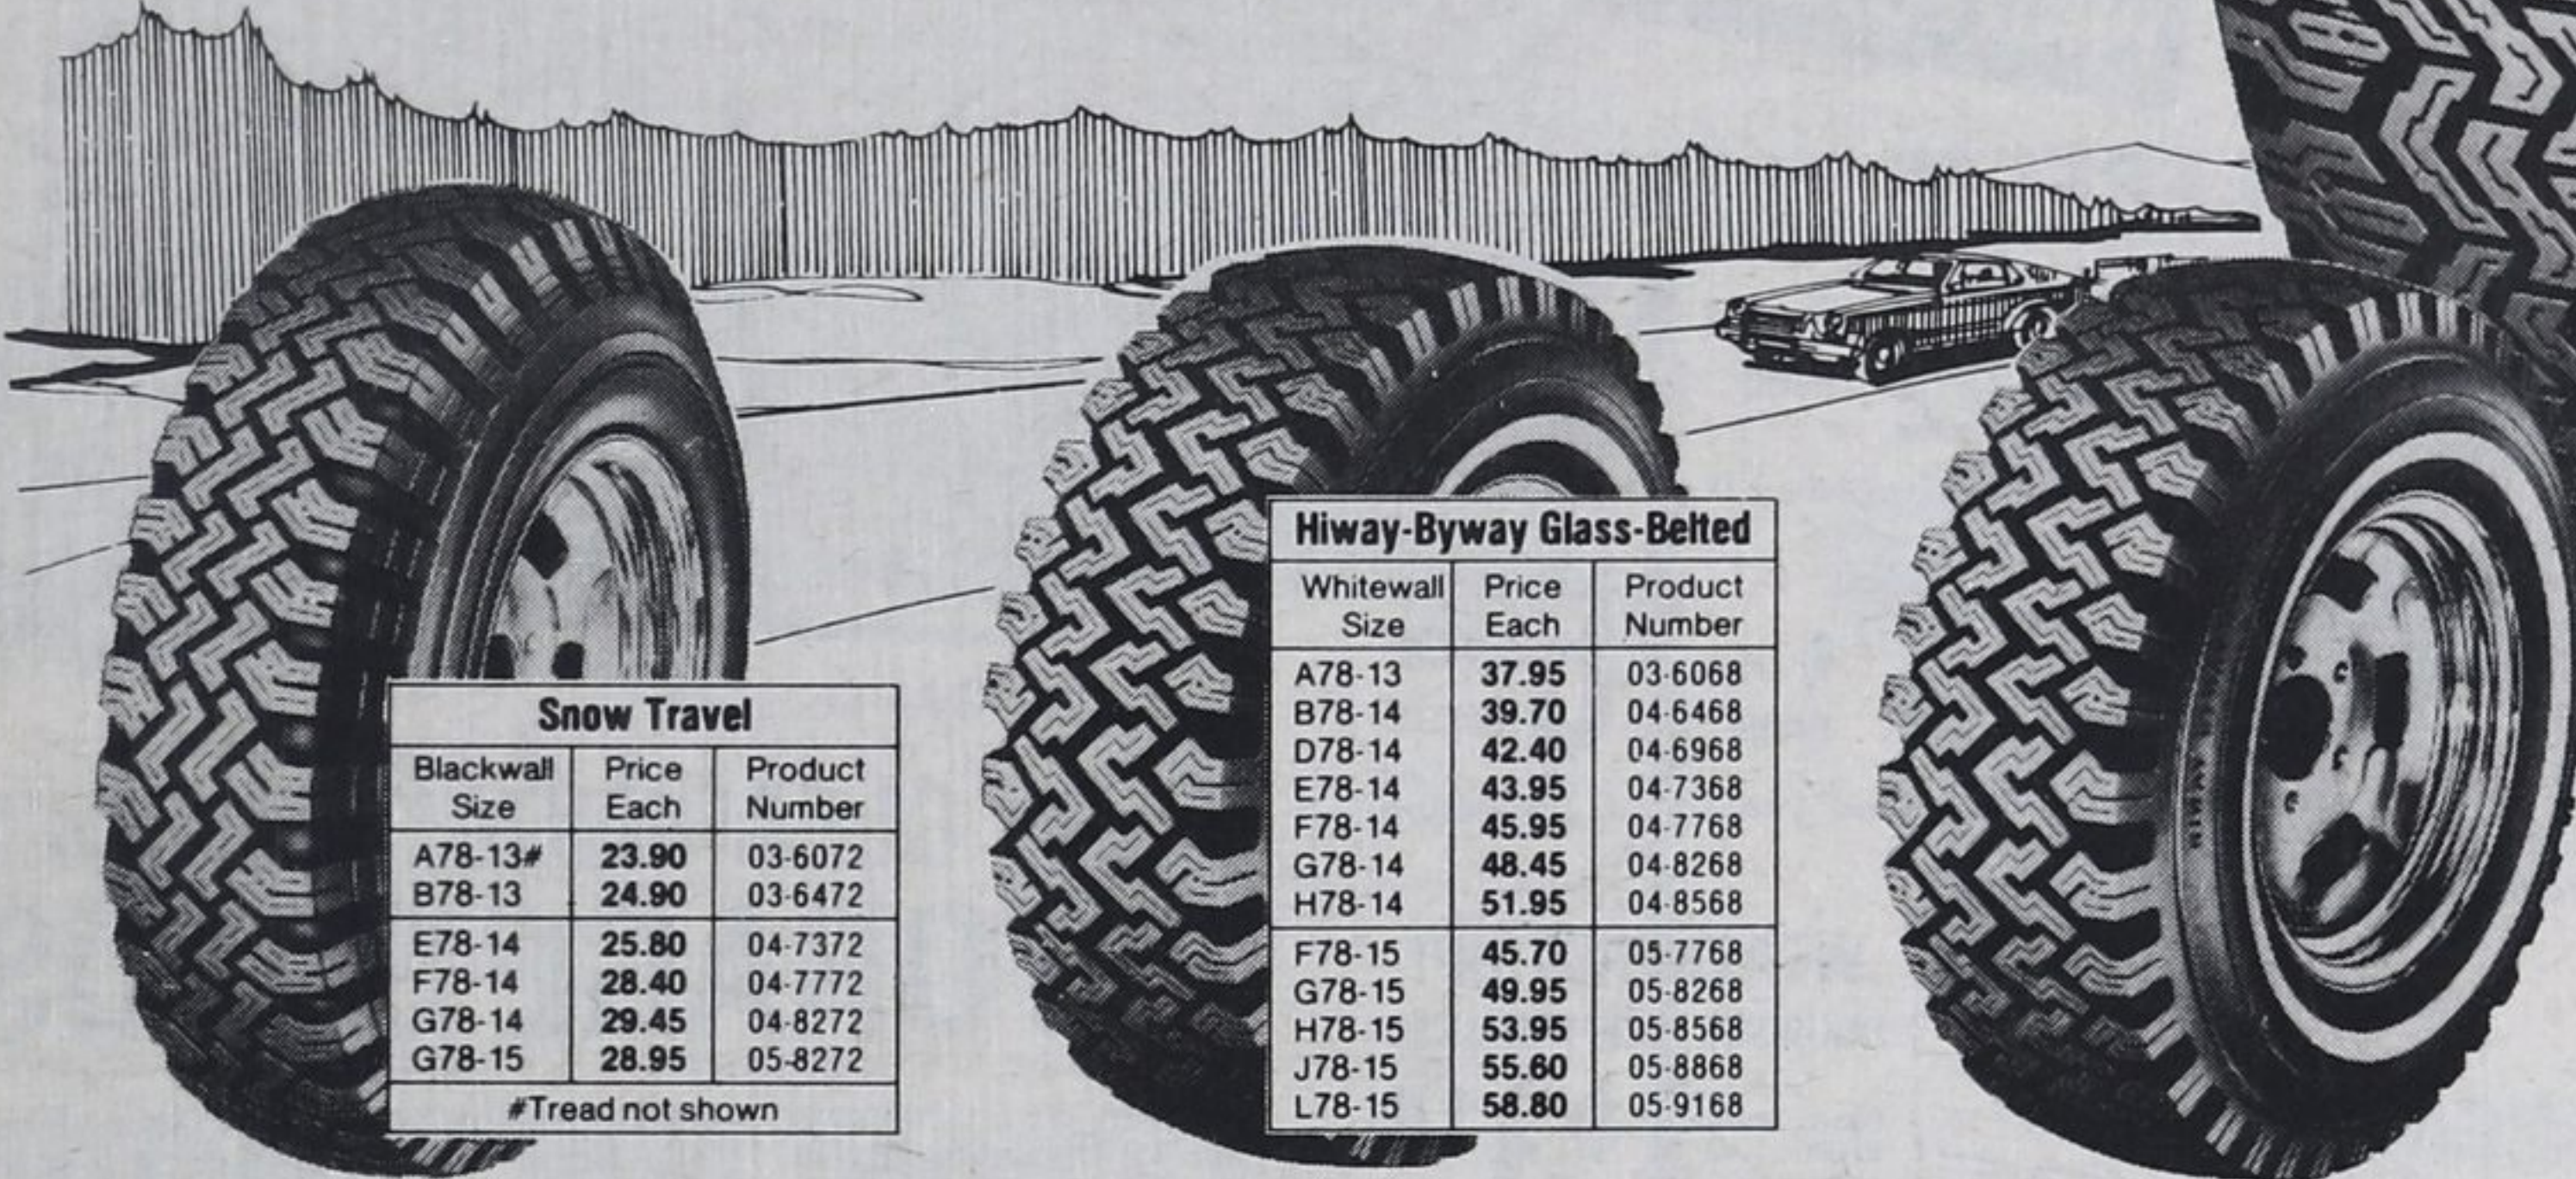

# 7395

P185/75R-14 (CR78-14) Whitewall, Each

Our finest winter radial with 2 belts of amazing KEVLAR... 5 times the strength of steel by weight. Imparts high resistance to tread squirm for long mileage and a cushion-smooth, low-speed ride. Specially blended tread rubber provides outstanding grip on ice at treacherous 'freezing-zone' temps. We call this feature BIG PAW TRACTION.

\*\*Blackwall price †Blackwall available in these sizes, priced \$2.00 less per tire

### Economy Snow Travel

Why buy retreads when you can get new, factory-fresh reliability at such a low price. Built with 2 giant plies of DuPont 66 Nylon for added casing strength plus deep-biting tread lugs for plenty of traction through mud & snow. Rugged service at a low cost.

### Hiway-Byway 2+2

Great go on slippery highway or snowed-in byway. Deep-molded tread, reinforced by 2 glass belts atop 2 cord plies of tough and extra-resilient DuPont 66 Nylon. Wide tread has chunky lugs that self-clean as they bite their way through mud and snow.

### Hiway-Byway 4-Ply

A 'giant' built with 4 laminated cross-ply of DuPont 66 Nylon for added muscle & a quick end to overnight flat-spotting (if any). Deeply grooved, self-cleaning tread lugs make winter driving a fun outing. Extra big, extra rugged, extra performance!

### No extra charge for installation

We will install our new tire on most standard rims when you buy a Dill or Schrader valve at our regular low price of \$1.50. We must install new tire and valve together. "A tire isn't new unless the valve is too!"

Use your Canadian Tire Card, Visa, or MasterCard or Save with Cash Bonus Coupons.
