

**Election '80
Platform
Bev
Day**

When I was elected to the position of alderman for Ward I in Midland in the last election, my platform was based on keeping taxes in line, stopping unnecessary spending and providing good representation.

I have worked very hard towards achieving these goals.

If re-elected to Midland council as your deputy-reeve, I shall re-dedicate myself toward these goals at both municipal and county levels.

In the past two years the following are but a few of the many accomplishments of your council through I believe to be reasonable and tolerable tax increases.

We have opened a new industrial park.

We have commenced construction of a new sewage disposal plant which is both necessary to the protection of the environment as well as future residential and commercial growth of Midland.

More assessment will lower taxes.

We have seen the construction of a new senior citizens' apartment complex on Bay Street.

We have improved and upgraded bus service.

We have added traffic lights and safety measures toward the protection of our children.

We have improved and upgraded our parks.

We have upgraded and improved both police and fire departments.

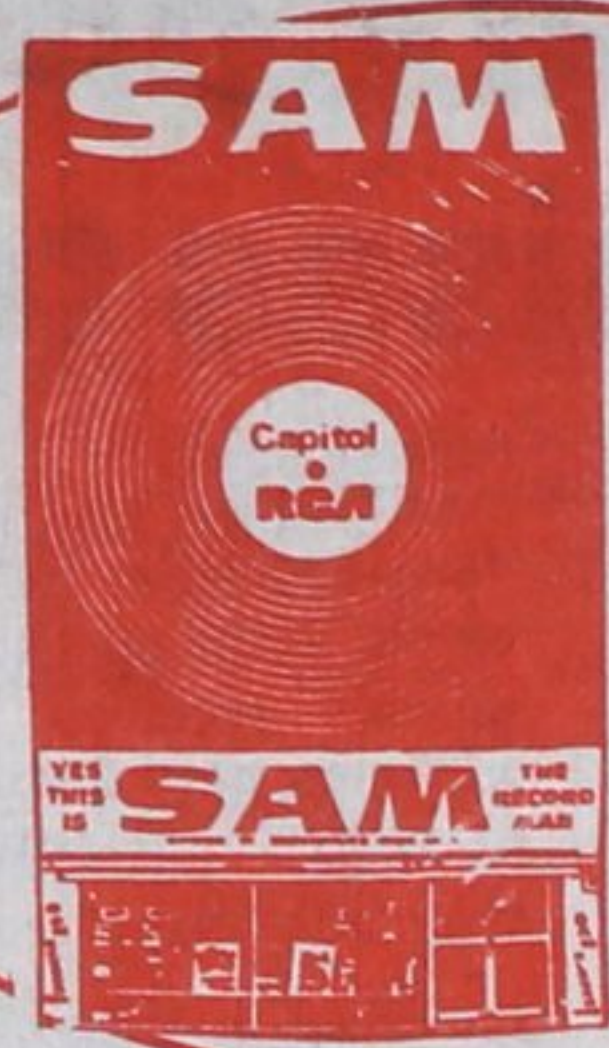

If re-elected, I will continue to serve the citizens of Midland with dedication, common sense, sound judgment and hard work.

**At least
one meeting
set for
candidates**

Elmvale residents will soon have the chance to eyeball the candidates running in this year's municipal elections, as a 'Meet the Candidates' night has been scheduled for Monday, Nov. 3 at the Community Hall, beginning at 8 p.m.
