

Centennials succumb in second

After defeating Penetanguishene Kings in Ontario Hockey Association Jr. C. Play Friday night in Midland Centennial Arena, Midland Centennials must have felt like tigers when they entered the arena in Haliburton Sunday.

Haliburton, however, had decided upon a different course of action as they downed Midland 8-5 in a closely played game in which Haliburton scored six goals in the second period.

Midland was the only team to score in the first period with Ed Cooper putting the puck in the net for the Centennials with assists going to Frank Dance and Steve Dunn.

Midland scored a minute and a half into the second period to go ahead 2-0 on a power play.

Andy Zurawski was the man behind the play, assisted by Andy Seeman.

Zurawski scored another hat trick in this game something he is very quickly becoming known for.

Haliburton tied up the game in the next five minutes and it was all Midland could do to keep ahead of them.

Haliburton scored six minutes into play in the second period when Mike Rae did the honours for his team.

Assists went to Chris Hodgeson and Dave Nicholls on the play.

Less than a minute later, Haliburton scored again, this time from the stick of Ron Yake assisted by Mike Rae

and Gary Harrison. Midland wasted no time in realizing that they were being

challenged and they reciprocated with their own goal nine seconds later. Andy Zurawski

recording his second goal of the game.

Dale Denis and Travis Bonneville got the

assists on the goal.

One minute later, Zurawski put the puck in the net for Midland once more with Denis and Bonneville getting the assists again.

Midland Centennials were playing very well at this time and unconsciously sat back for a while.

Haliburton took full advantage of this as they scored four more goals in the final five and a half minutes of that period.

It was tough going for Midland from then on as Haliburton was the first to score in the final

period of play at the 14:38 mark, Dave Nicholls scoring with help from Chris Hodgeson and Rob Abbs. It was Nicholls' second goal of the game.

Power play
Midland scored then on a power play when Zurawski recorded his third goal of the game with linemates, Dale Denis and Travis Bonneville getting the assists on the play once more.

Haliburton scored again with 8:47 left to play, Ron Yake making his presence felt once again for his hat trick.

Garv Harrison and Mike Rae were handed assists on the goal.

A power play goal for Midland lifted their spirits but it came too late for them to do anything about it with only 47 seconds left to play.

John Witzke got the point for the goal while Andy Seeman and Steve Dunn received credit for the assists on the goal.

This game marks the second game of this past weekend where Midland Centennials have gained a lead and lost it in the last half of the second period.

Three becomes two in Midland rec hockey

The three way tie for first place in Midland Recreation Hockey League action has been reduced to a two-way tie between Olympia Sports and Hebner's Taxi, each with 10 points.

Duggan's hockey club has been relegated to second place after losing a close game to Roadrunners 6-5 in Monday night's play.

The win for Roadrunners brings them into a tie for third

place with Athenian Flyers with four points each.

Athenian Flyers lost to Hebner's Taxi 6-3 while Performance Sports were doubled by Olympia Sports 6-3.

Olympia Sports are in the basement now with no wins or ties.

Highlights of this week's action include 18 minor penalties in the game between Performance Sports and Olympia Sports; hat

tricks by Wayne Miller of Hebner's Taxi and Rick Graham of Roadrunners; double markers by Brent

Gordon of Performance Sports, Earl Scott and Earl Cousineau of Olympia Sports, Don

Hebner of Hebner's Taxi and Gord Paul of Roadrunners; and the winning goal by Gord Paul with 52 seconds left to play for Roadrunners.

Look who's stealing your electricity.

Did you know that a quarter inch crack under the door is like having a nine square inch hole knocked through the wall? That's a lot of space for warm air to get out and cold air to get in. The easy solution is to replace worn weatherstripping around the door. Check caulking around door and window frames too.

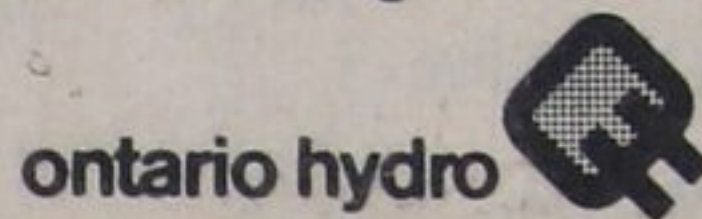

A filter clogged with dust forces your furnace to work much harder. Furnace filters should be cleaned or replaced at least once a month during the heating season. It's a good idea to have the whole furnace checked over too, before the cold sets in.

Use Energy Wisely

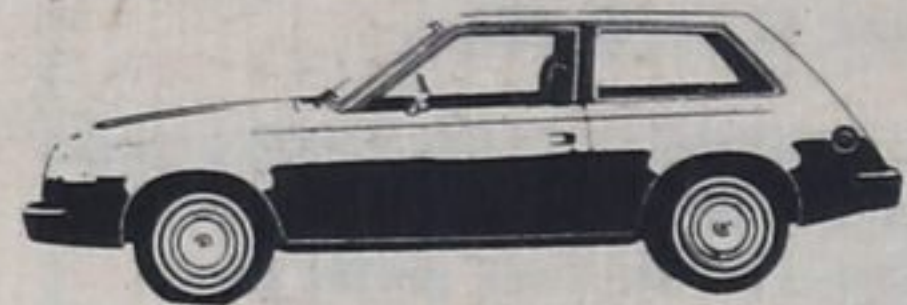

Tune-up, clean up. It's simple. Appliances that are clean and well-cared for last longer and use less electricity. Over the long run, you can save money on appliance replacement. And of course, the less energy you waste, the more dollars you save.

Don't waste your energy.
