

# Huge buck brought down in Marsh

It's the kind of scenario legends are made of, and Steve Leturneau, of Penetanguishene and Bob Brown, of Toronto are happy just to be a part of the story.

The two men were hunting in the Wye Marsh area on Wednesday, and managed to bag what Leturneau described as possibly the biggest deer to come

out of Simcoe County this season.

The four legged creature was a 10-point buck that dressed out at 234 pounds. The men weighed the animal at a friend's, where there was a scale for weighing beef, and a cooler for storing the meat.

Deer of that size are of course not too common, and the buck, which Natural Resources

people said was about four and a half years old, had become very well known to hunters and wildlife management personnel of the area.

According to Leturneau and Brown, the deer had been hunted by many people for a couple of years, and its reputation for size and cunning had grown with each

successful hunts, the deer

was bagged through a combination of skill, patience and big quantities of "Lady Luck".

Brown said the men had been hunting the area where the deer was downed, separately, since early morning. They had gone into the spot after talking to Game Warden, Andy Fletcher, who suggested that the area they hunted might be a good spot for deer.

After being unsuccessful during the early morning hunt, the

men were about to settle down for a cup of coffee when they heard a shot up the trail from where they were.

They stood and listened for a while and suddenly heard the unmistakable sound of a running deer. A few more seconds and the animal ran right out to them, with its head down.

Both men fired at once and the deer went down for good. It was

shortly thereafter they began to realize their deer was the one with the reputation for size and elusiveness.

The two men were elated about their kill, but in talking about the day's occurrences, they both were a little sad that such a fabulous animal had to die at all. Their obvious respect for the animal and nature is what distinguishes a true sportsman.

Deer

As with many suc-

## A trophy size buck

A hunter's dream come true would be an apt description of the experience of Steve Leturneau, left and Bob Brown, right. The two hunters were out Wednesday, in the Wye Marsh area when they brought down this magnificent trophy size buck. The

animal was a 10 point buck, that dressed out at 234 pounds. Leturneau, of Penetanguishene and Brown of Toronto feel it may be the biggest deer to be taken in Simcoe County this season.

## Brodeur thanks Midland minor hockey

They say good deeds always go unnoticed but this is not true.

A letter to our office this week recognized the job done by many of Midland's minor hockey coaches and such praise has been long overdue.

Pat Brodeur of Midland has played his minor hockey career in Midland and has now moved on to play for Orillia Travelways in OHA Jr. B hockey.

Brodeur remembers his years in Midland with fondness.

Dear Mr. Gadsby: I would just like to say thanks to the many coaches, managers, executives of Midland

Minor Hockey and to all the people who drove to games and who gave us support throughout the years.

In my 12 years of minor hockey I enjoyed every year, win or lose.

I especially thank my coaches who devoted many hours of their free time and money out of their own pockets.

Few people realize just how much they do spend.

Thank you Mr. Gadsby for my release from Midland.

I hope I represent Midland the best I can while playing Jr. B in Orillia.

Yours truly, Pat Brodeur

## FOR COUNCIL

ELECT

BOB

CASCAGNETTE

1. Born and raised in Penetanguishene
2. Bilingual
3. Involved with:

- A) Lions Club
- B) Representative for Ontario Housing
- C) Serve on the board for "Citizen of the Year"

### Platform

- Will endeavour to broaden our Industrial Base.
- Will work towards stabilizing our local work force and revitalizing our local economy.

**A vote for Bob Cascagnette is a vote for progress**
