Another costly win for MSS juniors

Midland Secondary School's junior girls' basketball team finished in second place overall for season play with a 39-22 victory over Park St. Collegiate from Orillia Wednesday at MSS.

The win gives them a four and one record for the season.

Carolyn Meech was top scorer for Midland with 15 points.

Behind her was Kim Carpenter with 11 points.

It was a costly win for Midland though as Carolyn Meech, their

starting forward, suffered an injury to her hand which could keep her out of action for at least a week.

Last week, Kelly Edwards, another outstanding player for the squad sprained her ankle and is expected to be out for another week.

She could be returning to the lineup about the same time Meech will be in action again.

The team will play tomorrow in MSS' triple gym in zone finals, starting off action at 2:30 p.m. against Penetanguishene.

Tiring game for As

Midland Athletics Intermediate hockey club found Owen Sound a very strong team to oppose Sunday night in Owen Sound.

Home ice advantage definitely favoured the Greys as they downed the Athletics by a score of 14-5.

Midland couldn't score in the first period and by the end of that period, they were down 2-0.

Midland, however, came back with a vengeance in the beginning of the second period as they scored three quick goals in the opening three minutes of play.

Ross Cousineau, Wayne King and Terry Spiker were the scorers for Midland on those three goals with Spiker and Ross Prentice getting assists on two of the goals.

Cousineau's goal was unassisted.

Then it was Owen Sound's turn to explode as they popped in four more goals in the next six minutes.

Midland managed to slow them down a bit here but not for long.

The Athletics did score a goal when they had slowed Owen Sound down. Wayne King recording the point on the play with Hugh Robertson getting the assist.

Short-lived
But, Owen Sound regained their momentum with three

more goals in the final six minutes of play in the second period.

That made the score 9-4 by the end of the second period.

Owen Sound continued to blast away at Midland's net and scored five more goals in the third period to end their scoring for the game.

Midland's Ken Knapton scored with less than a minute left in the game to bring the

final score to 14-5 for Owen Sound.

Terry Spiker got credit for the assist on the play.

Midland Athletics were undermanned in this game with only two changes of lines and this served to make matters worse for team members.

A rebuilding program is now underway for the Athletics and results should be soon coming.

Elmvale Juveniles down Stroud

The Elmvale Juveniles chalked up another win in regular season play last weekend as the local team defeated Stroud by a score of 5-1 at the Elmvale Arena.

Stroud opened the scoring in the first period of play with a well placed goal at the 13:55 mark. Brad Adams of Elmvale tied the score seconds later on an assist from Paul Priest at 13:15, and the local squad went ahead on the scoreboard at 11:39 on a goal by Joe Timms, unassisted.

Elmvale shot pucks at the Stroud goaltender throughout the rest of the first and into the second period before the team finally managed to get one in. Dan Tinney

found the net following a pass from John Adams and Elmvale went into the lead by two goals.

The boys from the village never looked back as Allan Priest made it 4-1 at the 4:50 mark of the third period on an assist from brother Paul, and one minute later Elmvale popped in their last goal, scored by Larry McMann unassisted.

Stroud players notched up the penalty points but Elmvale players held their tempers and failed to retaliate.

Final score was 5-1 for the Elmvale players.

The Juveniles are slated to play against Oro this Sunday at the Elmvale Arena.

For nearly 150 years Ontario has had a law making it an offence to enter property where entry is prohibited. But now new legislation—The Trespass to Property Act—has toughened up the law to protect your rights.

Trespassers can now be fined up to \$1,000. In addition, they can be ordered to pay for damages they have caused.

An important part of the legislation designates premises where entry is prohibited without notice. These include your gardens, orchards, vineyards, land under cultivation, woodlots and fenced land.

Where notice must be given to prohibit entry, you may use red markings on gates, trees or fences. Yellow markings may be used to caution that only certain activities may be permissible. It is the responsibility of the visitor to find out what you permit.

LAND USED FOR RECREATION
In the past, there was a great deal of confusion regarding your responsibility to people you allow on your land. Consequently many farmers and rural landholders would not allow recreational activities on their properties.

Now another new act—The Occupiers' Liability Act—reduces your responsibility. In a nutshell, the law assumes that those who take their recreation on most rural land without paying a fee

will take care for their own safety.

A special system has been devised to allow you to easily indicate which activities you will allow on your property. A sign naming or graphically representing an activity (for example, hiking) indicates that the activity is permitted. The same kind of sign with an oblique stroke through it means that you prohibit the activity.

These new laws are part of a continuing program to streamline our legislation. By clarifying your rights, they afford you greater protection from trespass and also reduce your liability when you make land available for recreational purposes.
