## Winter wonderland returns

The downtown core in Midland has been turned into a winter wonderland again with the arrival yesterday morning of Christmas decorations which were erected across King Street. The traditional lighting will again add to the at-

mosphere this season.

And speaking of Christmas, the second most often used phrase, we have been told, at this time of the year aside from "Merry Christmas" is "batteries not included!"

### Candid Comment

C. Neil Strait, author: "The exercise of disciplines in our lives can make the difference between mediocre living and meaningful living."

One requires only existence, the other, engagement. Only the disciplined life is engaged, meaningfully.
