

Penetang school changes detailed

Changes have been undertaken at Ecole Publique St. Joseph annex in accordance with an agreement reached between the Simcoe County Board of Education and the Simcoe County Roman Catholic Separate School Board earlier in the fall.

The remedial room, has moved to a classroom from the school's stage. A classroom was split with a divider, with one-third for the remedial room and the remaining room for a regular class.

The school's library will be in the auditorium. Shelves will enclose the library area on three sides.

The remaining half of the auditorium will be reserved for the showing of films and slides.

A Grade 3 class moved across the street to St. Joseph School at the beginning of the fall term remains across the street, separated from the two other Grade 3 classes.

The separate school board and the public school board are sharing the public school on the corner of Poyntz Street and Owen Street. The separate school board is leasing its section of the school, the first instance in Simcoe County in which the two boards share a school.

SCBE grants pay hikes

Increases in salaries for 1980 for senior administrators of the Simcoe County Board of Education were approved by the board at its last meeting.

Director of Education Irving Harris' salary increase is 5.66 per cent to \$61,425.

Increases of between 11 and 12 per cent were granted to the superintendent of business, of operations, of program, of planning and to the six superintendents of schools.

Similar increases were granted to the assistant superintendent of program (special education), to the assistant superintendent of business (plant), and to the assistant superintendent of business (administration).
