Employee
of the
Month

Born and raised in Midland Dan, his wife Janet and their two children recently bought an eighth street bungalow and are now looking forward to the good years. "Getting settled" at home and at work is a major concern to young people and Dan (at age 27) has managed to do both very successfully.

Dan's personal recreation has always been working as a member of the pit crew for drag racers. His years of competition throughout southern Ontario give him a unique and valuable background for his responsibilities at courtesy. Dan is Service Advisor in our 12,000 square foot general repair garage. His qualifications and work experience with Micro-wave, heavy duty electrical appliances and air conditioning relate well to today's passenger vehicles. Six months of training with the Ford Motor Co. and Georgian College and two years on the job has made him into a very valuable member of the Courtesy team.

So the next time your car requires repairs and you phone Courtesy and hear someone answer "Courtesy, Dan here, may I help you" you can be confident you are dealing with a company and a man who really knows how to do the job. Congratulations Dan, and thanks for the help.
