The MetriCanon is the neat electronic calculator that takes the confusion out of Metric measurement. Instantly, the MetriCanon will convert weights, volumes, distances, or temperatures to or from the Metric system.

What's more, the MetriCanon can handle all the everyday calculations you need, too.

It's the perfect gift: Innovative yet practical; truly, a gift that will be appreciated all year long.

The MetriCanon by Canon.

& its new subsidiary-Huronia Copy Cats & Business Machines-offers a wide variety of calculators and typewriters for your Christmas buying.
