18 Month Free-replacement GUARANTEE
(Installation extra in some stores)

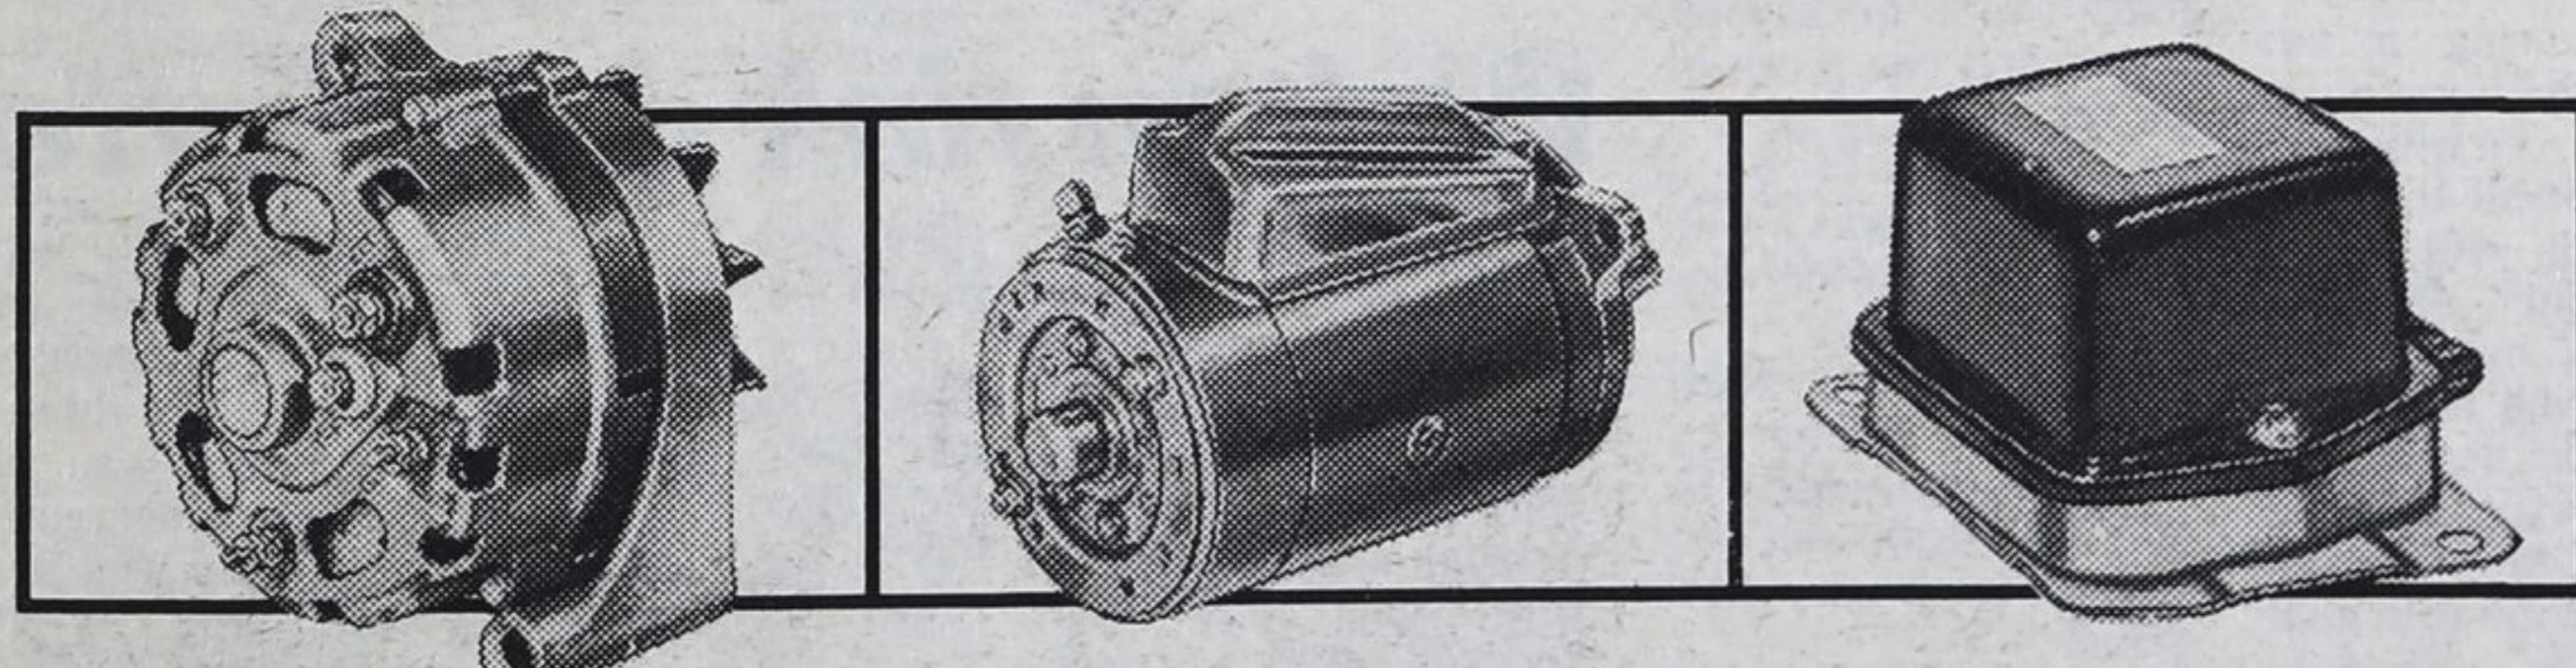

FREE Replacement Guarantee
for as long as you own your car
(Installation extra in some stores)

Low-Priced Super Service

Start economically with a quality battery built to the same high standards as our more powerful units. One-piece tops with unitized terminals plus reinforced positive plates and a strong thinwall polypropylene case. If it should fail within 18 months, we'll replace it FREE (installation extra).

Turbofire Maintenance-Free

Install it and forget it! Size for size, it gives more cold-crank power than standard lead-antimony batteries—plus longer life. If it should fail at anytime, while you own the car, we'll replace it FREE (installation extra). Our competitors pro-rate ownership, resulting in extra costs to you.

Factory-Remanufactured Parts GUARANTEED 90 days or 4000 miles, whichever occurs first
