This is my first column

Monday to Friday (Except Holidays)

It was with a great deal of pleasure that I received notification that I was the successful candidate for the position of Administrator at Contact.

After one week of work I realize that I have a lot to learn. But I look forward with anticipation to continuing the valued services of Contact.

The wealth of information that is contained in the offices of Contact is quite impressive. So, as this position affords me the opportunity to learn and grow, so it will afford you the community to learn and grow with me through this column.

I would like to congratulate Mary Gibson for having performed her duties as Administrator so admirably for the past five years and to wish her success in her future endeavours.

Contact still has a need for rooms, apartments, and houses to rent. We are also receiving calls from students requiring accommodations for the months of May to September.

Our move at the end of the month draws closer and for the next week or two we'll be involved in packing and moving but will be carrying on with business as usual. Our phones are manned from 9 a.m. til 5 p.m.
