Society to hold Show

by Adelaide Longheed

The regular March meeting of the Horticultural Society met in the Library of H.E.C. School. For an opening poem Mrs. Strath chose a "Gift of Flowers", which was most appropriate for the time of year and for the budding enthusiasm being felt by most to get started at growing things.

Business arising from the minutes read by the Secretary included - a motion by Madeline Ritchie, seconded by Maureen Welch that we have a second Flower Show in Sept. and each member will try to take one exhibit to the Fall Fair.

The request to plant trees to commemorate the 75th Anniversary of Ontario Horticultural Association was accepted and planting will be done in various locations throughout the District.

Grace Marcellus

reported on plans for the May Flower Show.

It was agreed that the Society would contribute \$5 to each congregation for flowers to honour all active members of Horticulture. These will be placed in the church sometime during Horticulture Week.

Milt Leonard had charge of the program and introduced us to a variety of plants used as ground covers. He then drew numbers for a variety of floral goods and plant seeds.

Mr. and Mrs. Cecil Blow took us, by means of coloured slides, to California to see Disney Land and the Rose Bowl parade at Pasadena. We then had a trip across Canada from Vancouver to Prince Edward Island, and finally right around home on the 6th Concession of Tiny.

A most enjoyable journey!
