Car knocked gas pump off its base

One gas pump was struck and a second gas pump knocked off its base Tuesday afternoon at Garm's Sunoco Service Station on Yonge Street by a runaway car.

Town police say Sylvia Dwinnell, of Johnson Street, Midland, was waiting to get gasoline for her car when her foot slipped to the accelerator from the brake and the car moved forward.

An employee quickly shut off the gas pump. The fire department washed away the small amount of spilled gasoline. Damage to the gas pumps was set at \$2,000.

Earrings -for-men latest craze Down Under

The latest fashion for young men in Australia is to have tattoos on the arms and body and as many as four earrings in one ear, says Mike Odesse.

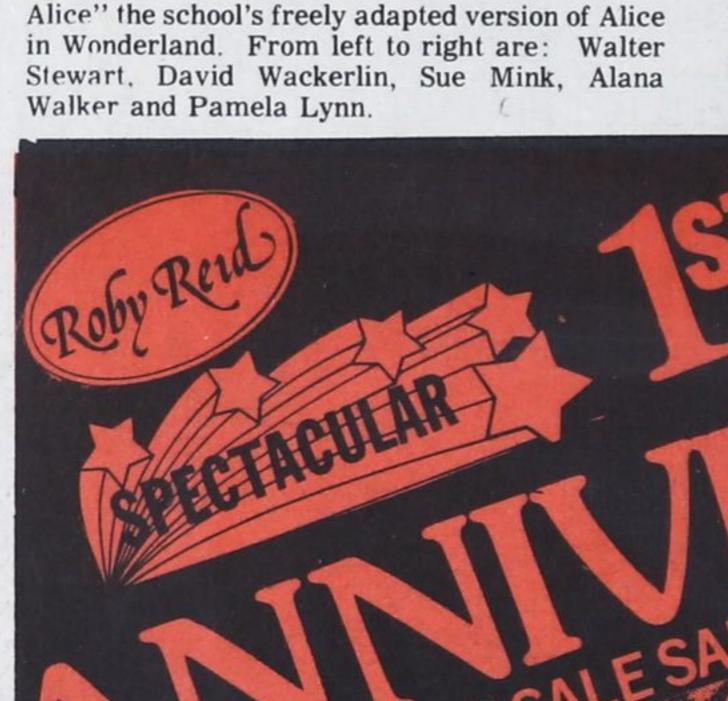

He also reported on his return from a Rotary Club sponsored visit there earlier this year being shown a lake size the of Penetanguishene Bay that will drain of water overnight and fill up again after an interval. No explanation has been found for the freshwater lake's unusual workings, he said. '

Odesse, who was part of a six-man group that visited south-east Australia, said that part of Australia has been very dry for two years.

A farmer that the group visited was preparing to sell his 300 head of cattle and cut off the tops of trees to feed his 5,000 sheen for as long as was feasible. His land was totally bare of grass.

Australia's generous holiday provisions, four weeks holiday in the first year of a new job, plus one day off a month, is proving to be an economic headache. Some people save their holidays and take three months at once. Others take the month of December, the height of Australian summer, for a holiday.

The Japanese, the Australian's greatest competitors, work a sixday week, Odesse said.

TAX TIME GOT YOU IN A SQUEEZE?

If tax time puts you in the squeeze, remember, last year the trained specialists at H&R Block took the pressure off for over three-quarters of a million Canadians by preparing

accurate income tax returns at an average cost of about \$20. That's a good return for the money. And a lot less pressure. This year be sure.
