OSAP increases good news

Students in Midland and Penetanguishene and elsewhere in Ontario are planning to attend post-secondary classes in the upcoming school year, received some good news recently when Bette Stephenson, colleges and universities minister announced an increase in funding for the Ontario Student Assistance Program.

The amount of money available for the program will be increased 16.4 percent up to \$98.2 million.

That is an increase of \$13.8 million over last year.

Of that amount, \$4.2 million has been set aside to meet increased tuition fees faced by students.

Other changes affecting the program include an increase in the personal and living allowance for single students living away from home from \$72 to \$77 per week under Ontario's grant plan.

In addition to that, the

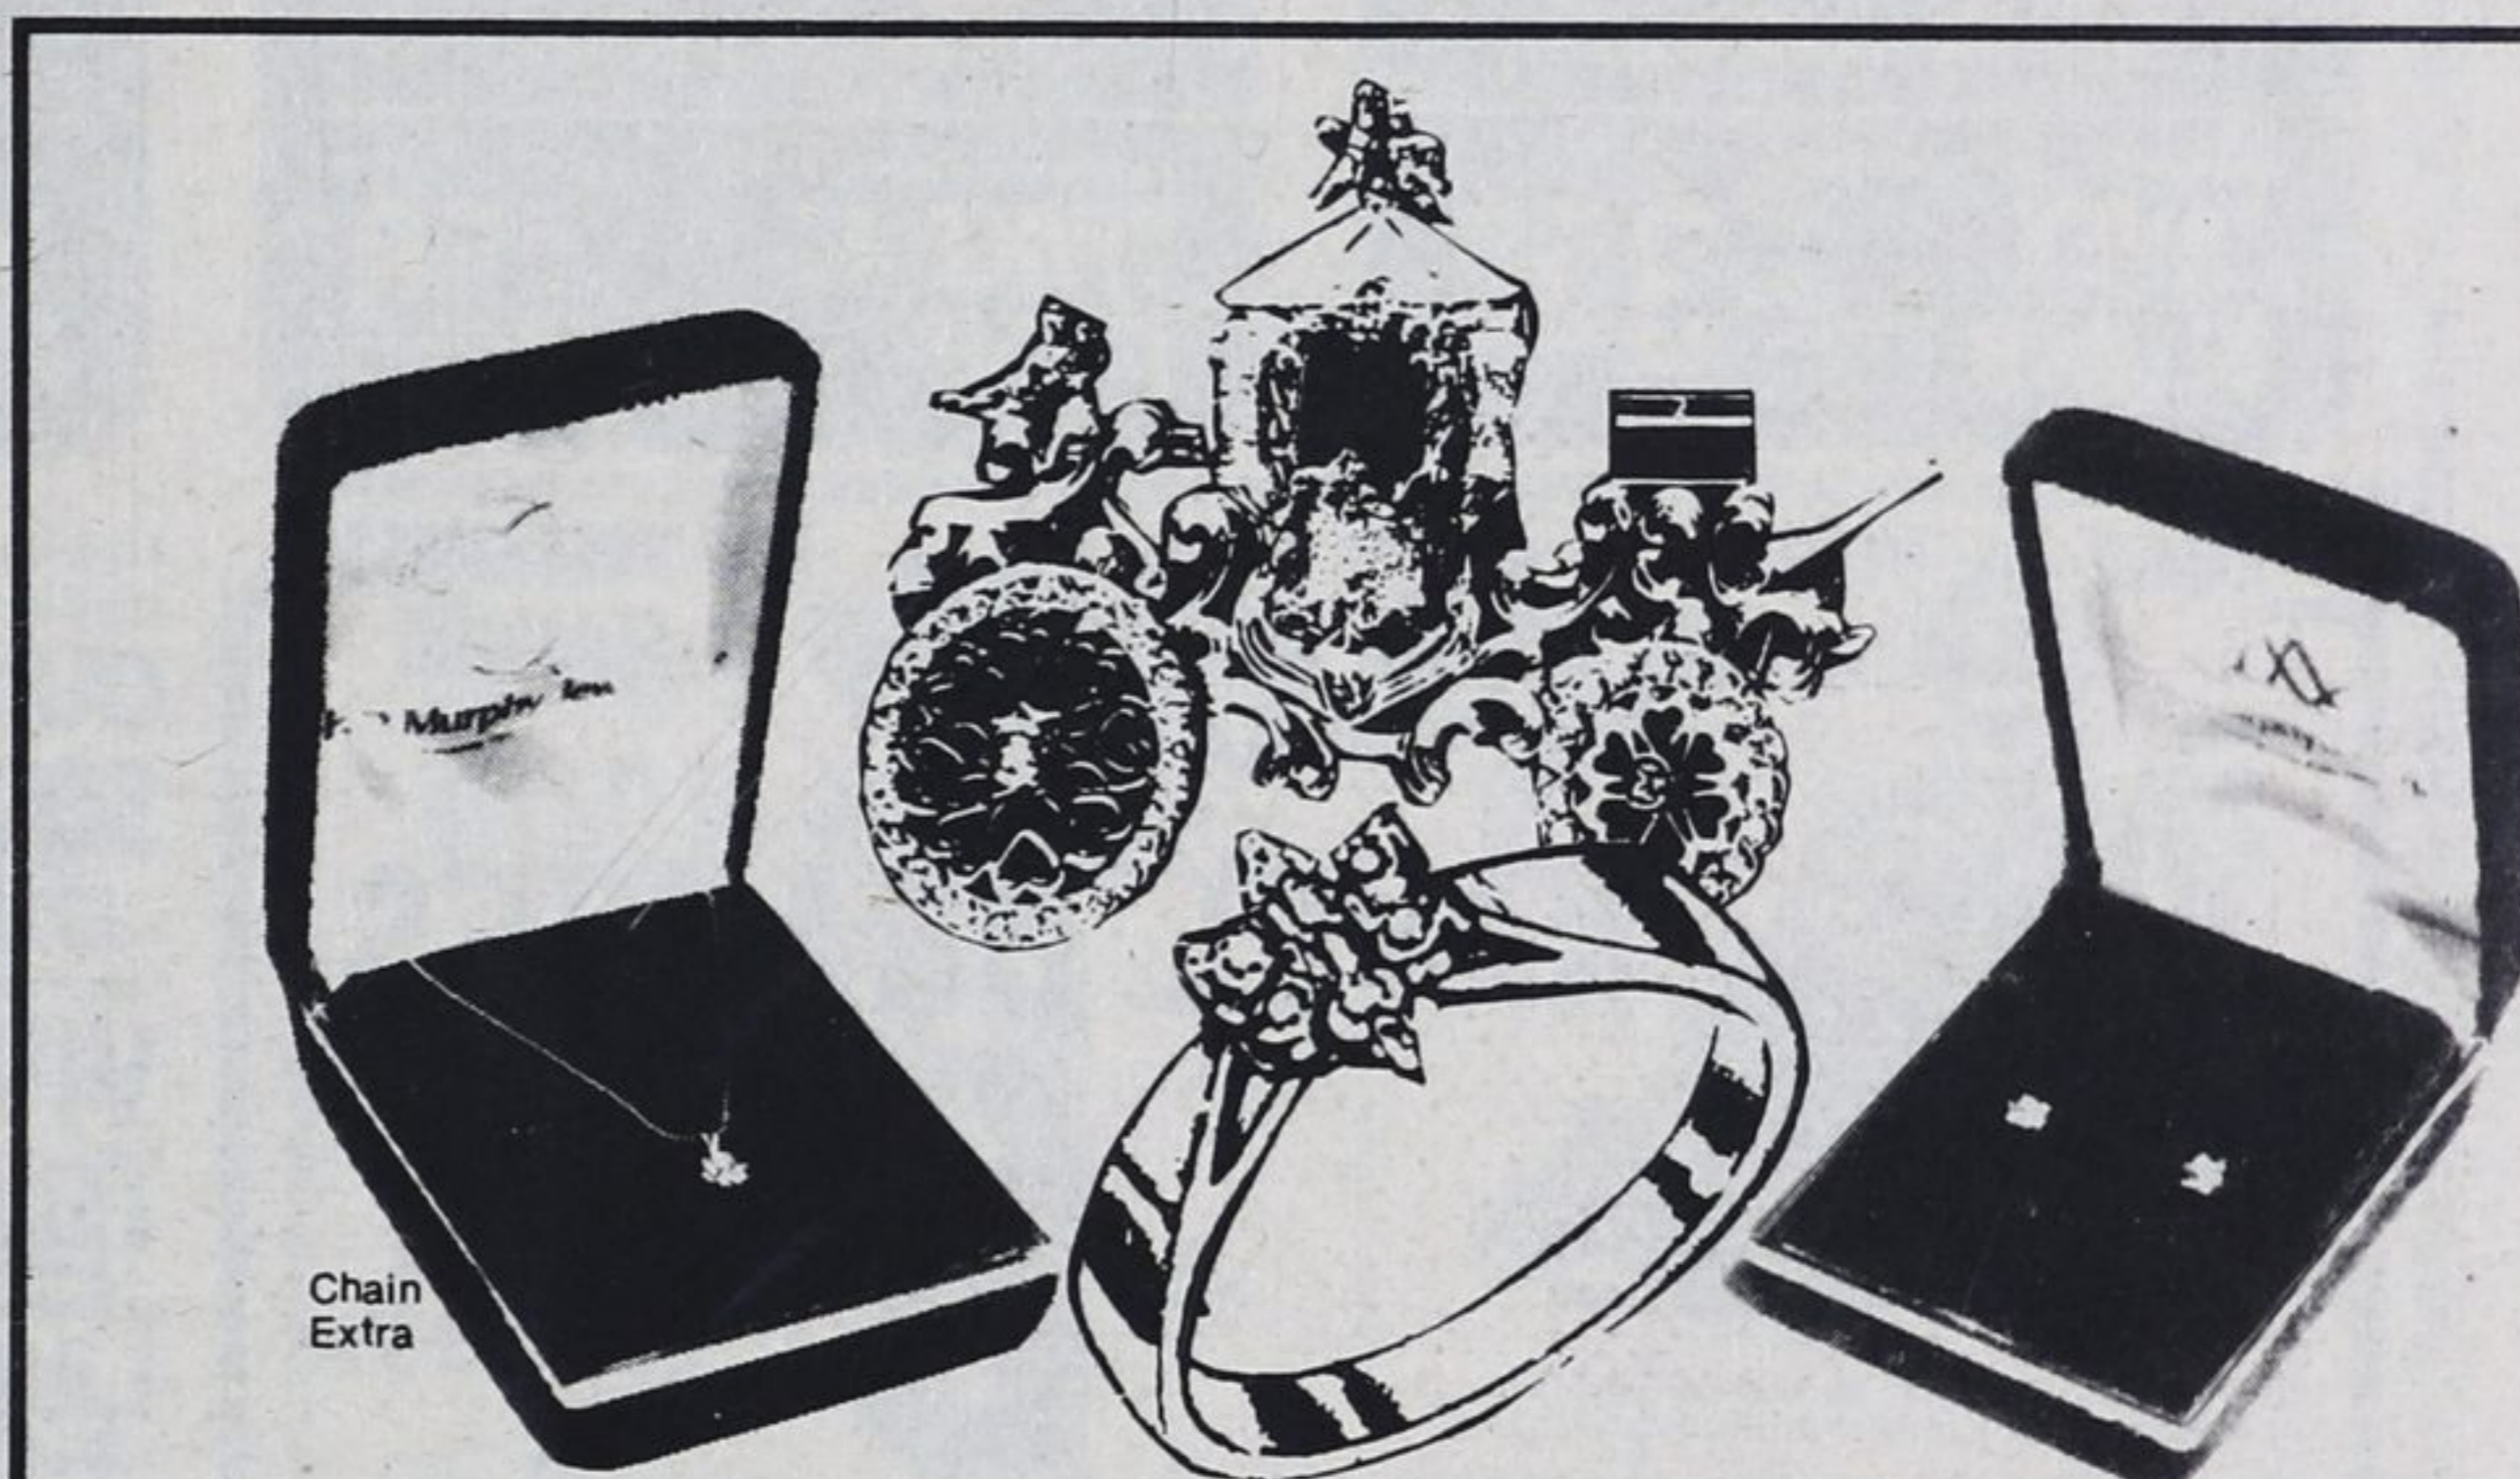

maximum grant for independent single students will jump from \$1,000 to \$1,100 per term or semester.

Students will also be expected to contribute more from summer earnings, that amount now \$60, an increase of \$10 from last year.

If students have trouble finding a summer job, they can appeal this amount but they must document their job search to qualify.

Applications for student loans are available now from colleges and universities in Ontario, from Ontario Secondary Schools and from the Ontario Ministry of Colleges and Univer-

sities. Student Awards Toronto, Ontario, M7A Branch, Queen's Park, 2B4
