

Tea, bake sale raises \$100

by Liz and John Dennis

Wyebridge Parks and Recreation Committee held a tea and bake sale last Saturday and when the doors closed over \$100 was raised in profits for use by the board.

Although the event was poorly attended, organisers feel it was basically a success and may hold another one later in the summer.

Eileen Dutton expressed a special 'thank you' to all who helped and contributed items and baking.

Wyebridge residents Verna McClung and Gladys Reed have

returned home after spending a five-week holiday in Fort Myers, Florida.

Although they enjoyed their holiday as it offered them a nice break from the snow and cold, Verna and Gladys were glad to get home.

Late last Saturday afternoon the Wyebridge Fire Department was called upon to extinguish a small grass fire in a field behind Zellers.

The firemen have been relatively inactive over the last few weeks compared to a couple of months ago and let's hope they stay that way.

Marg and George

Rowe and family received a visit last weekend from Marg's brother Jack Clark, along with his wife Joan and Family

Jack, Joan and family travelled from Thornhill for the get-together.

On March 15, Bruce and Eloise Cameron left by sea for the sunny south.

They spent an enjoyable time seeing the many truly wonderful tourist attractions in Florida.

They visited Newport Ritchie, which is on the West Coast of Florida and travelled to Daytona Beach.

Bruce and Eloise returned April 9 and we welcome them home. Four Wyebridge Cubs travelled to Pickering last Saturday to take part in the Pinewood Derby Championships.

Jason Troughton, George Hamm, Steve Scott and Robby Turner did their best but unfortunately did not throw together a winning combination. They did, however, travel with other area Cubs on a bus and that in itself was a special treat.

The boys were accompanied by Cub leaders and parents and all involved enjoyed the day.

Ron and Joy Mynard recently returned from a 10 day Caribbean Cruise which no doubt was their answer to the winter blues.

They flew to Barbados, then took a ship to the Island of Martinique. From there they sailed to the Dutch Islands of Bon Aire and Curacao.

Towards the end of the trip they cruised to Caracas, Venezuela then north to St. Croix, one of the Virgin Islands. Their last stop over was at San Juan, Puerto Rico.

The Varitone Five supplied the entertainment Saturday at the Wyebridge Com-

munity Centre for an Easter weekend dance. Door prizes were awarded to lucky patrons and a light lunch was provided afterward.

We sincerely hope all

of you had an enjoyable Easter Holiday and that it was safe as well as sweet. We can now seriously look toward summer and all the wonderful joys long hot summer days bring.

TENDERS

TENDERS

TOWNSHIP OF TAY TENDERS

Sealed tenders will be received by the undersigned until 12 noon, local time Wednesday, May 6th, 1981. No. 1 to supply - 5 ton truck with two-way sander complete. Auctioneer: Pifher Auction Service Ltd. Phone (705) 445-4848.

Wants black bear management top provincial priority

Ontario's largest conservation organization has called on the Ontario government to make black bear management and education a higher priority.

In an 11-page brief presented to the Ontario Ministry of Natural Resources, the 24,000-member Ontario Federation of Anglers and Hunters made 21 specific recommendations. The democratic sportsmen's group states:

1. Wildlife management must become cognizant of the need for more comprehensive management of all wildlife species;

2. The Ministry of Natural Resources should initiate an educational program to correct the misconceptions of the public about black bear;

3. Education should be implemented on the edibility of black bear meat so that Section 30 of the Game and Fish Act is enforced where bear are killed and the carcasses left to spoil;

4. The public needs to be educated on the risks involved when they enter into areas populated by bears;

5. The Ministry of Natural Resources should encourage the Ministry of Education to cooperate in providing information to teach basic wildlife biology programs in elementary schools;

6. The Ministry of Natural Resources should assess the data obtained to date on the black bear to determine yield, capability ratings, and population projections.

7. The Ministry of Natural Resources should maintain a licence structure for

black bear, divorced from moose and deer licences;

8. There should be one annual licence covering both seasons with a bag limit of one bear per licence;

9. A mandatory return of all coupons complete with requested information from all licences issued should be implemented;

10. The spring and fall bear hunting seasons should be set using biological data;

11. The taking of any bear in the spring hunt should be permitted;

12. The trapping of black bear under the Game and Fish Act

should be reviewed;

13. The 11 and 12 recommendations require public education and a close monitoring of their long term effect on the bear population;

14. No bear should be killed within 1/4 mile of any dump;

15. Nuisance bears at dump sites should be eliminated with the written authority of the Ministry of Natural Resources;

16. Dogs used for legitimate bear hunting could be started at dumps;

17. The placing of restrictions similar to those concerning the hunting of waterfowl,

whereby bait sites are licenced and hunting is restricted to a specific distance should be implemented;

18. Management people should be aware of and discourage the development of practices in hunting that give unfair advantage to the hunter;

19. Baits should be identified by licencees to ensure the removal of the ocular, obnoxious, and offensive pollutant after the hunt is completed;

20. The firearm and bow requirements for bear hunting should be the same as the regulations applied to

moose hunting;

21. The Ministry of Natural Resources should consider implementing regulations governing the use and types of dogs for the bear hunt.

The Federation bear brief took several months to prepare and finalize. All members were encouraged to provide their comments and suggestions. Copies of the final brief are available from O.F.A.H. club presidents and secretaries, and the Federation's head office at Box 28, Peterborough, K9J 6Y5.

North Simcoe communities miss OHRP grants

Housing Minister Claude Bennett today announced grants totalling more than \$3.5 million to 88 municipalities under the Ontario Home Renewal Program (OHRP).

However no North Simcoe community is amongst those receiving the grant.

Administered by municipalities, the program assists homeowners to upgrade their homes, with the emphasis on faulty structural and sanitary conditions, and on plumbing, insulation, heating and electrical systems.

Loans of up to \$7,500 are made to eligible owner-occupants who wish to bring their homes up to standard. A portion of a loan may be forgiven, depending on the recipient's income. Interest rates range from zero to eight per cent, again depending on income.

For applicants, the

maximum annual qualifying income, after deductions allowed under the program are made is \$15,500.

Bennett said that since OHRP was launched in 1974, almost \$130 million in provincial funds has been given to some 670 municipalities across the province, and to individuals in unorganized communities.

"That translates into repairs being carried out with OHRP financial incentives in some 30,000 homes. It's a measure of the program's success and popularity," he said.

New construction alone cannot meet all the housing requirements of Ontario residents, he said, and OHRP reflects the need to conserve and improve existing housing.

OHRP benefits are available to eligible owner-occupants in all municipalities which

have adopted minimum housing standards bylaws or resolutions establishing standards. In communities without municipal boundaries, OHRP is administered

by the Ministry of Housing's community housing division in conjunction with the Ministry of Northern Affairs.

Obituary

Addie Moore

Funeral service for Addie Marguerite Moore, of Victoria Harbour, was held on April 11, 1981, in Nicholls Funeral Home, Midland. Rev. Charles Carter officiated.

Interment in Victoria Harbour Union Cemetery.

She was 73 when she died suddenly on April 9, 1981 in her Victoria Harbour residence.

The late Addie Moore was born in Victoria Harbour, the daughter

of William Moore and Elda Stewart. Her education was attained at Victoria Harbour Public School and Orillia Business College.

She was a member of St. Paul's Church. She was single.

Brothers Shirley, Keith, and Kenneth predeceased her, as did her parents.

Surviving relatives are her aunt, Mrs. Leslie Winfield of Victoria Harbour, and several cousins.
