

### Heavy-duty students

Students will do just about any job, including heavy-duty jobs and Rick Scott, left, and Colin Bennett, centre, both of Midland, are no exception. Scott will be starting Grade 13 at Midland Secondary School in the fall and is looking for a summer job in construction, factory work, a camp or in maintenance. His special skills include expertise in computers, and

first aid. Bennett is starting Grade 9 at MSS and is interested in summer work involving babysitting, farm labour or casual labour. He is skilled in electric tools, tractors, farm equipment and has his star six badge in swimming. They are shown here with Paul Mount of Student Employment, right.
