ONTARIO GOVERNMENT NOTICE PUBLIC INFORMATION CENTRE

The Ministry of Transportation and Communications (MTC) has initiated a study to examine potential improvements to Highway 69, from Waubaushene to approximately one kilometre north of Port Severn.

Various alternative improvements are being considered in order to correct the deficiencies of the existing highway. Subject to the final outcome of the study, the Ministry is currently proposing: construction of two new lanes on the west side of the existing alignment to provide for a four-lane freeway facility south of the Severn River and construction of a four-lane freeway facility north of the Severn River on an alignment shifted 250m to the west.

This study will follow a planning process which has been approved under the Environmental Assessment Act, 1975. This approval requires that an Environmental Study Report be filed with the Ministry of the Environment (MOE) prior to construction. Public notification of the availability of this report will be made at the time it is sent to MOE. The approval also provides for any member of the public, public group, other Ministry, agency or municipality, to request that an individual environment assessment be prepared for this project, if serious environmental concerns cannot be resolved. Where these concerns are deemed significant by MTC, and/or MOE, then the environmental assessment would be subject to a formal review and approval process and be subject to a hearing, where necessary. A public information centre will be held to permit the public to examine MTC proposals. Members of the general public are invited to attend the information centre to discuss their interests in this project. The centre will be held as follows:

DATE: Thursday, July 23rd, 1981
TIME: 9:00 a.m. 'till Noon;
1:30 to 5:00 p.m.; 6:30 to 10:00 p.m.
PLACE: Community Centre,
Area Municipality of Georgian Bay,
Baxter Ward, Muskoka Road 5,
(A kilometre west of Hwy 69
across from Golf Course Road)

We are interested in hearing any comments or concerns you or your group may have about this project.

If you wish to receive further information, please contact us. Any further notification by MTC shall only be provided to those who have expressed an interest in being further involved.

Please send any comments or requests to:
Mr. B. L. Peltier, P. Eng.,
Project Manager, MTC Regional Office,
659 Exeter Road, P.O. Box 5338,
LONDON, Ontario. N6A 5H2.
Telephone: 519-681-1441, Ext. 167 56,58
