

Student Centre is doing a real job

It's mid-summer and as the temperature rises so do placements. Thanks to support in our local service area, our 1981 goal set for the Student Employment Centre is steadily becoming reality.

The following report confirms this statement based on statistical records from March 1981 to the end of June.

Since the office opened in March on Bay Street West we have registered 1,378 students. This number surpasses our ultimate goal of 1,281 and includes both post-secondary and high school students.

Some 393 students have been placed in full time (regular) position far; while 204 students have been placed in

casual jobs.

Altogether 597 have found work through our centre.

The increase of 35 placements over last year indicates a successful summer, and I anticipate an even greater increase by the end of the season.

But remember, the summer is not over yet and there are more than 600 students still seeking work.

Whatever you may need done, just give them, and us at the centre a call.

Making their entrance

With medals shining, the Lieutenant-Governor of Ontario, John Aird, and his wife, passed by a squad of soldiers from the Historic Naval and

Military Establishments Sunday morning on their way into St. James on-the-Lines Church. The occasion marked the church's 145th anniversary.

St. James on-the-Lines filled for Primate's sermon

St. James on-the-Lines Church was filled Sunday morning for the 145th anniversary service for the garrison church. The Most Rev. Edward Scott, Primate of the Anglican Church of Canada, gave the sermon.

The province was represented by the Lieutenant-Governor.

Following the 145th anniversary service, attended by nearly 200, the rector of the Anglican Parish of Penetanguishene, the Rev. Robert Sinclair, with his wife, entertained at a luncheon party for visiting dignitaries and local church officials at the Watergate Family Restaurant on Nelson Street.

Guests included the Primate of the Anglican Church of Canada, the Most Rev. Edward Scott, and Mrs. Scott; the Lieutenant-Governor of Ontario, John Aird, and Mrs. Aird, his senior aide, Col. Frank McEachren, and his security guard; the churchwardens, Walter Spearn and Carmen Norton, and their wives; deputy chairwoman Cliff Arnold and lay member of Synod Agnes Gray; and a local OPP officer, who acted as

escort for the Vice-Regal party during its stay here.

The Lieutenant-Governor motored over for the service from his Port Carling area summer residence.

The pleasant and

welcoming atmosphere of Watergate, with ample opportunity for picture taking and friendly and informal chatting made the luncheon a homely, happy and memorable occasion for all.

The proprietors were warmly thanked for their kind and gracious gesture in making such acceptable luncheon arrangements, as the opening hour is normally considerably later on a Sunday.

Gord Thayer, of 393 Gloucester Street, Midland, left, accepts the microwave convection oven he won in a draw put on by the local branch of the Municipal Savings and Loan Cor-

poration, from branch manager Dave Hindley. Local MPP Al McLean picked the winning ballot out of about 5,000 entries.

At town dock

More boaters this summer

by Murray Moore

Improvement of the quality of the washrooms operated for the benefit of the public visiting, and boaters staying overnight at the Penetanguishene town dock, has resulted in more overnight visitors, says the dockmaster.

Claude Lalonde, this year's dockmaster, also says that more Americans are docking their craft overnight here, because of the better washroom and shower facilities offered this year.

The new town building at the town dock is divided into an office for the dockmaster, an office occupied by the local Chamber of Commerce, washrooms for the public and boaters, and showers.

The new washrooms and showers

are a great improvement from the previous facilities, the dockmaster said.

The dockmaster moved into his new office at the beginning of the month. The old dockmaster's office on the centre dock is scheduled to be removed some time this week or next week, he said.

The boat slips were filled Sunday night after a storm warning was issued for the local area.

The town has 110 slips, 70 percent of which are rented by the season. A boat owner is charged by the meter, at a rate of \$7.90 a meter. The cost of mooring a 20 foot boat for the four month season would be around \$192.

Weekends tend to be busy, with less activity through the week, Lalonde said.

Miss Nude World

College will have to wait, Japan trip comes first

Penetanguishene's newest champion, Peggy McIntaggart, 20, winner of the Miss Nude World Pageant held in Winona, Ont., on Sunday will be heading to Japan early next month before attending college in the fall.

The trip to Japan, one of the prizes she won by becoming Miss Nude World, will mean she'll start her college courses a week later than scheduled in September.

The new Miss Nude World served in 1978 as Miss Midland Centennial during Midland's 100th birthday celebrations.

She was one of 15 contestants competing Sunday in what organizers reportedly described as the Worlds Most Honest Beauty Pageant.

More than 700 people attended the weekend contest.
