"Excuse me, could you tell me how to get to.....", this is a question I deal with every day! Working in a Chamber of Commerce Tourist Information Office you get to know your area, fast!

You have to. If I don't know something I am asked, I find out. I answer either by telephone, mail or in person at one of our two offices. I am on a Summer Canada 1981, Student Employment program, hired by Contact to work for the Chamber of Commerce.

A big part of my daily routine is to make sure there is a sufficient supply of brochures and lists at both of our offices. If supplies have diminished, then I either write or call the different establishments and associations for further supplies. My job also entails various clerical jobs, for the Chamber of Commerce.

I like my job, it's interesting. To know that I have helped someone is very rewarding. Through my work I have met various board members, merchants and towns people from Midland.

My work is right in my course of study at Sir Sandford Fleming College in Peterborough. I will be in my second year of the Tourism and Transportation program, and loving every minute of it.

I consider myself very lucky to have received such excellent experience in the Tourism Industry. For tourist information call the Chamber of Commerce at 526-7884.

We would like to thank Hanni Mieke for making us aware of the Pilot Parents program. This program recruits and trains parents of handicapped children.

These pilot parents are then able to provide understanding and emotional support, practical information about what the handicapped condition is and suggest ways to care for children and direction to resources and services in the community for parents who have a newly diagnosed handicapped child.

The program follows up and supports the relationships, and publicizes Pilot Parents in the community.

The Huronia Kennel Club is having their dog show on Thursday and Friday, July 30 and 31 at the Midland Arena. Admission is \$1.00 for adults, 50 cents for children. For further information call Ruth Tuckett at 534-3822.

Contact Information Centre will be closed Monday, August 3 for the Civic Holiday.

We all wish to express our sincere congratulations to Charles and Diana!

The solution to even the most difficult problem begins with the first step. If you have a problem, take the first step. Call Contact your Community Information Centre today.

—Liz Acs,
Summer Student

Offices will be closed

Because of the Civic Holiday on Monday, Aug. 3, the offices of Elmvalle Lance, The Midland Times and The Penetanguishene Citizen will be closed.

Advertisers, carriers and correspondents are being advised of the above information.

All three newspapers will publish editions as usual next Wednesday.

Injuries

Five persons were injured in motor vehicle accidents in June in Penetanguishene, according to the monthly police department activity report received by council this week.

50th anniversary

It was a grand occasion for long-time Tay Township residents Mr. and Mrs. Ross Faint, Saturday afternoon at Vasey United Church where the couple was honoured as they marked 50th wedding anniversary. Simcoe East MPP Allan McLean made a presentation to the couple from the province while Tay's Reeve Charlie Rawson presented the pair with gifts from both the county of Simcoe and Tay Township. The Faints have three children.

SCOUTING AROUND

From a recent issue of World Scouting Newsletter we have learned about how, in several countries of the world, Scouting is focussing on "The International Year of Disabled Persons."

In Vienna, Rovers and Rangers are helping parents of handicapped children to build an addition to a therapy centre, and improve the playground facilities, Cubs, Brownies, Scouts and Guides are holding a street festival to raise money to buy more equipment for the centre.

The Asia-Pacific region conducted a week-long jamboree in Mouchak, Bangladesh. One of the qualifications for earning the jamboree award was to take a "Disabled Consciousness Route". Along this course a Scout is challenged to do four activities as if he were disabled.

A new training centre has been built by Danish Guides and Scouts at Pindstrup, north of Arhus. It was specially designed for easy access and use by people in wheel chairs or with crutches and for people with hearing or seeing difficulties.

Each year the Eclaireuses and Eclaireurs de France provide vacation camps for more than 1,000 young people who need recreation and special care while their schools are closed. The young people range in age from 8-19 and have a wide variety of physical and mental disabilities.

Nearly 1,200 Dutch Guides and Scouts assisted 2,000 athletes in the 6th Olympics for the Disabled, held last summer near Arnhem. They helped the athletes with getting to and from events, meals, room cleaning, friendship and hospitality.

Winners: Centennial golf successful event

The fourth annual Midland Centennial Junior Golf Tournament at Midland Golf and Country Club held Thursday was a great success with over 90 golfers taking part.

This year's winners were Rob Weiss of Golf Haven Golf Course and Mandy Cockburn of Horseshoe Valley Golf Course.

Weiss shot a 73 low gross score to capture the boys' title while Cockburn shot a 92 low gross score for the girls' title.

For their wins, Weiss receives the Centennial Trophy and a \$100 gift certificate from Wally's Men's Shop in Penetanguishene and Cockburn received the Centennial Trophy and a hair dryer.

Other prizes for the day included:

- Todd Georges, bantam boy.

Closest to pin

- Paul Ridyard, junior boys.
- Mark Bruning, bantam boys.

Most Honest Golfer

- Tanya Sketchley.

Penetang fastball playoffs tomorrow

Playoffs in Penetanguishene Fastball League action will get underway tomorrow night in McGuire Park in Penetanguishene with the first and fourth place teams squaring off and the second and third place teams playing.

Going into last night's action, there was a tie for fourth place between Caswell's Antiques and Penetang Sand and Gravel, both teams having 13 points.

Last night's games was to decide who would advance into the playoffs, the results from that game coming too late for press time.

However, the winner will be playing

Duval's Variety at 7 p.m. tomorrow night in McGuire Park with Lercar Construction and The Pass locking horns at 8:30 p.m.

League standings for the season shaped up like this:

	W	L	T	Pts.
Duval's Variety	11	5	0	22
The Pass	8	8	0	16
Lercar Construction	7	7	2	16
Caswell's Antiques	6	9	1	13
Penetang Sand and Gravel	5	8	3	13

Even though The Pass and Lercar Construction were tied for second place, the position was given to The Pass because of the team's better win-loss record.

New selective deer harvest program

The selective deer harvest program initiated in Ontario last year will be continued in 1981. Sportsmen planning to hunt deer this fall have until Aug. 20 to submit an application to hunt antlerless deer in the zone of their choice.

An antlerless application can be obtained by purchasing a 1981 Resident's or Farmer's Licence To Hunt Deer.

Deer licences and applications are available at all hunting licence issuers. The issuers also have a large Provincial map indicating the 1981 deer hunting zones and the seasons involved.

Hunters will not be mailed antlerless applications this year as in 1980. The Ministry had planned to mail all hunters a copy of these new instructions plus the results of last fall's antlerless program but the mail strike has forced us to abandon this plan.

If you are a bowhunter wishing to hunt antlerless deer in Huronia District you must apply for an antlerless deer tag as indicated above. If you only wish to hunt deer in the Huronia District controlled shotgun and muzzle-loader season you should not apply for an antlerless deer tag.

Applications for the four-day controlled shotgun and muzzle-loader season will be available Sept. 1, 1981 at Earl Rowe Provincial Park, Bass Lake Provincial Park and Huronia District Office, Midhurst. Successful applicants for the four-day season will automatically receive a validation tag good for antlerless deer.

If the mail strike continues, the antlerless applications can be returned to any Ministry of Natural Resources office and we will see that they are delivered to Wildlife Branch, Toronto. If the strike ends, applications can be completed, stamped, and mailed.

Meanwhile, Ontario Natural Resources Minister Alan Pope has extended the deadline for receiving applications for antlerless deer tags to Aug. 20, 1981.
