

Visitors to carnival

Leanne Leitch, left, Alessanera Primerano, middle, and Rita Simpson, all of Port McNicoll, were among the dozens of townspeople and others who visited the Port McNicoll Lions Club carnival last Saturday.

Children's concert next free library program

Pierre Germain combines fun and learning in an hour long presentation of "Pierre et le Papillon" at the Penetanguishene Public Library on Sept. 17 at 7:45 p.m.

A Francophone from North Bay, Pierre Germain tends to strengthen our Canadian culture with his original French

songs. After an English explanation his music seems to leap the language barrier for all to enjoy, says a library spokesman.

Although "Pierre et le Papillon" is a children's concert, he delights an audience of any age with his humorous presentation of songs and sing-a-long, the spokesman added.

Pierre et le Papillon is a free hour long performance sponsored by the Penetanguishene Public Library, in cooperation with the Georgian Bay Regional Library System, as part of the Ministry of Culture and Recreation's Outreach Ontario program and the Ontario Arts Council.

OPP report accident

A Mississauga resident hit by an OPP cruiser while he was on foot in the westbound lane of Highway 12 on Saturday was reported yesterday to be in stable condition.

The accident between the cruiser and the

pedestrian, identified later by police as William Baxter, 28, occurred at 12:47 a.m. one kilometer west of Victoria Harbour.

Police said in a press release yesterday afternoon that Baxter did not have identification

on him when he was hit. The press release said OPP Constable Maurice Lapointe, 48, was westbound when he saw a pedestrian in the middle of the westbound lane.

Lapointe swerved his cruiser to the left and

braked but the collision was not avoided, the release said.

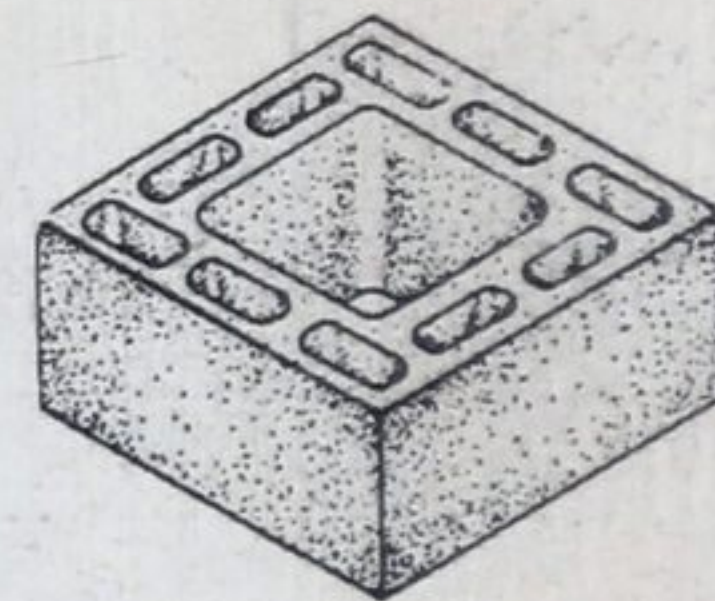

Baxter suffered abrasions and contusions to his head, chest and pelvis, according to the police report. No charges have been laid.
