

Church supper attracted 800

Klein-Gebbinck, MacDonald wed

Marlene Klein-Gebbinck, daughter of Mr. and Mrs. Joseph Klein-Gebbinck, and Wayne MacDonald, son of Mr. and Mrs. George MacDonald, were wed at St. Patrick's Roman Catholic Church, Phelpsston, on Aug. 22, 1981.

by Jeanne Webb
Saturday evening the United Church was like a busy beehive. The scrumptious home baking of the Wyevale Ladies did it again. The Annual Fowl Supper drew a crowd of about 800 people. The men were right in there pitching too. Co-operation spells success. Keep up the good works.

The Wyevale Recreation members are busy preparing for their basaar, scheduled for Nov. 28. Marilyn Bumstead is opening her home on Tuesday and Wednesday mornings from 9:00 a.m. to noon, beginning Oct. 20, for three weeks. You may come and work on a craft of your choice or on a quilt. Tickets for the draw are also

UNICEF is working with the United Nations to achieve this goal, and UNICEF Ontario is appealing to all parents and children for their participation on the annual UNICEF HALLOWE'EN night.

available there. Congratulations to Elmvale on another very fine Fall Fair. The good weather was a real asset. We were also proud to see in the parade, last year's Fall Fair Queen, Michelle King, a Wyevale Lassie. Not everyone is King

and Queen both. Mr. & Mrs. Leonard Moore, from Fort Erie, were visitors at the Freeman home. Wilf and Polly Miller had some of the family from Kitchener spend Thanksgiving with them. The beautiful fall

weather drew many tourists and visitors to the area for the Thanksgiving weekend. The countryside was an artists and photographers paradise, with the trees resplendent in their gorgeous fall colours. The Pine Ridge

Women's Institute is celebrating its 20th anniversary on Oct. 15. There will be a pot luck supper in the Orange Centre, beginning at 6:30 p.m. Ladies are invited to come and renew old acquaintances and to make new ones.

A house like this heats for up to 70% less* than a conventional house.

Four features save you money
Proper window placement and energy efficient features make homes built to the requirements of the Passive Solar Home Program the most cost effective way to reduce energy use.

Insulation

Special care is taken to prevent heat loss, especially in areas that are traditionally big losers.

Airtightness

It's like wrapping your house in an airtight seal.

Passive solar gain

Large south-facing windows use the sun's heat to the best advantage in winter. Awnings and overhangs shade against hot summer sun.

Ventilation

A heat exchanger system provides ventilation.

Open house

Even if you're not in the market for a new house, visit our model home for a glimpse of the future... now.
