

Penetang council briefs

by Adrienne Graham Gardner

All members were present for the regular session of Penetanguishene Town Council on Monday night.

Bus Loading Zone
A "long over-due" bus loading zone for students at St. Ann's School has been established following recommendations by Public Safety Committee Chairman Francis St. Amant.

The Lorne Ave. off-road loading zone will be signed, and will eliminate traffic back-up along Lorne Ave.

Handicapped Office
The Huronia Handicapped Association will lease the house at 32 Water St. from the town for the annual fee of one dollar, plus hydro, insurance and maintenance costs. The building serves as the headquarters for the "ability" association.

PUC Increase
Commissioners serving on the Public Utilities Commission have been given a raise. The Chairman will now earn \$1,100, with the two commissioners receiving \$925 each year.

Jones to address Vasey WI

The Vasey Women's Institute met at the home of Mrs. Irene Herbert with 14 members present.

We are to cater to the calf club banquet on Nov. 27. Nov. 2 is Fun Night in Coldwater. We are to have a skit and lunch enough for our members.

The next meeting will be held at the Church Hall on Nov. 10. The speaker will be Ron Jones, Vice-President of the Ontario Federation of Agriculture.

Stoneleigh Motors APPOINTMENT

BILL ISAAC
Guy Hilliard, service manager of Stoneleigh Motors is pleased to announce the appointment of Bill Isaac to the service department staff. Born and raised in the Midland area, Bill spent the last five years at Wybridge Machine and prior to that, was with the Ford Motor Co. in British Columbia for a year.

STONELEIGH MOTORS
Hwy 27, Midland

Dr. Jury's Funeral
Four representatives from Penetanguishene attended the recent funeral for Dr. Wilfrid Jury in London.

Deputy-reeve Frances St. Amant, former mayor Gil Robillard, Helen Dubeau of the Penetanguishene Museum and Annette

Brunelle of the Penetanguishene Military Establishments had been associated with Dr. Jury for many years

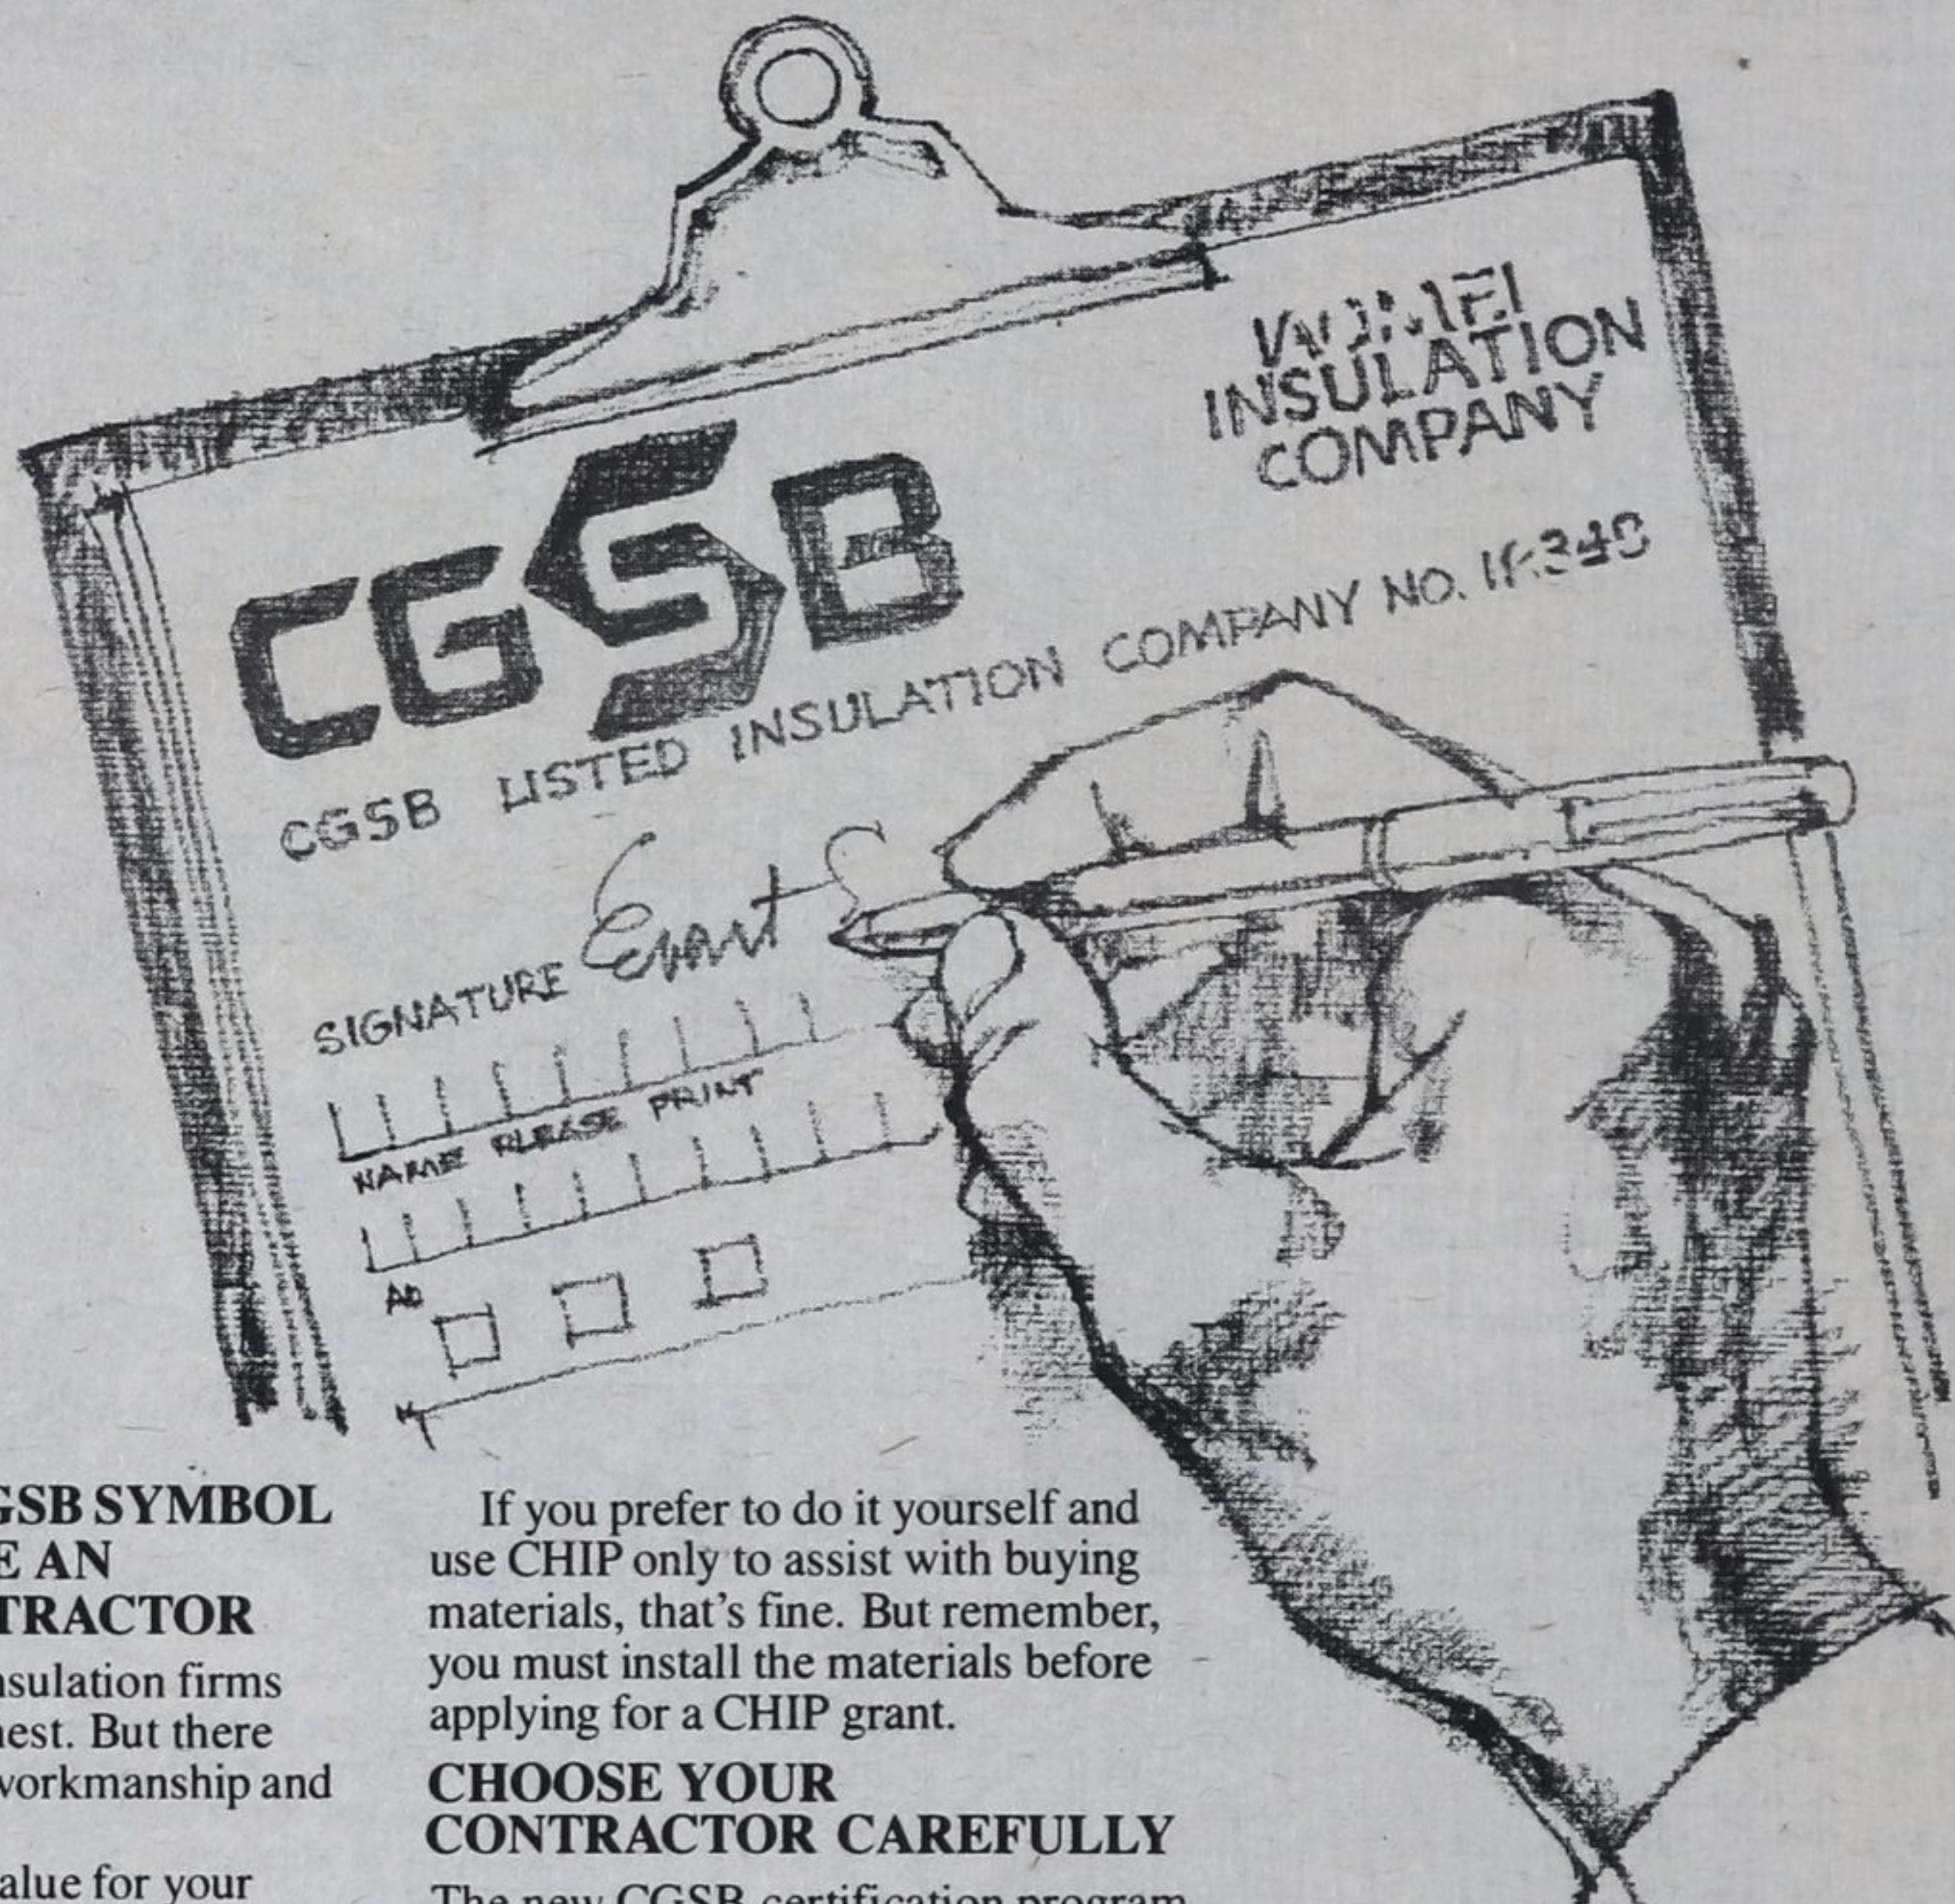

during his archeological and reconstruction work in the area. According to St. Amant the Jury family "were very pleased to have

representatives from Penetanguishene." **Poppy Days**
The Penetanguishene Legion will be holding their annual Poppy

Days on Nov. 6 and 7 this year, with the Remembrance Day parade and memorial service to be held Nov. 11.

THE MANAGEMENT OF ENERGY IN CANADA. ONE OF A SERIES.

STARTING NOVEMBER 1, 1981 CGSB-LISTED CONTRACTORS ARE REQUIRED FOR 'CHIP'

LOOK FOR THE CGSB SYMBOL BEFORE YOU HIRE AN INSULATION CONTRACTOR

The vast majority of insulation firms are both capable and honest. But there have been cases of poor workmanship and even outright fraud.

To help ensure good value for your insulation dollar, the Canadian General Standards Board has established a national certification program for residential insulation contractors. The contractors listed in the CGSB program certify to their clients that their quality of insulation workmanship meets the CGSB standard.

Only those contractors listed in the CGSB certification program are authorized to use the CGSB symbol.

USING A CONTRACTOR FOR CHIP? CGSB IS A MUST.

CHIP (the Canadian Home Insulation Program) offers taxable grants of up to \$500 to make your home better insulated and more airtight—if your house was built before January 1, 1961—whether you own or rent.

After November 1, 1981, if you intend to apply for CHIP and have a contractor install the materials, you must use a contractor who is listed with the CGSB program. You won't be eligible for a grant otherwise.

If you prefer to do it yourself and use CHIP only to assist with buying materials, that's fine. But remember, you must install the materials before applying for a CHIP grant.

CHOOSE YOUR CONTRACTOR CAREFULLY

The new CGSB certification program will do much to reduce the problem of poor quality work by insulation contractors, but don't stop there. You should further protect yourself in these ways:

1. Plan your home's energy savings by filling in the free Ener\$ave 'Energy Analysis' questionnaire. Call the Ener\$ave Helpline toll-free for your copy.
Call toll free 1-800-267-9563.
Ottawa/Hull residents call 995-1801.
2. Ask friends or neighbours to recommend a contractor.
3. Verify the contractor's CGSB listing number with your CHIP office. Check the company's record with the Better Business Bureau or your provincial Consumer Affairs office.
4. Watch out for high-pressure sales techniques.
5. Compare costs. Get three estimates in writing which locate and specify the size of the area to be insulated, give the type of materials to be used and list their RSI (or R) value. (RSI is the new metric rating for insulation).
6. Check your contractor for details such as CGSB listing number, the estimate of your home's existing RSI (or R) value, the RSI (or R) value of insulation to be added, and the recommended RSI (or R) value for your area.
7. Monitor the job. If possible, stay home while the work is being done. Don't be shy about asking the contractor questions.
8. Never sign a blank or partly filled-in contract or CHIP application form.
It takes planning and comparison shopping to find good value for your insulation dollar. But it's in your best interest to do it right from the start.
Get in touch with your CHIP office in Toronto to find out whether your home is eligible and how to apply.
