

# \$35,000 property purchase okayed

by Adrienne Graham Gardner  
Penetanguishene council has approved a recommendation by Finance Chairman Art Stewart that the Nelles property on Fuller

Avenue be purchased by the town for the sum of \$35,000.

The property will be developed by the town as an industrial site in the future.

The proposed project includes servicing of part of Don Street at a cost of \$26,000, for a total gross cost of \$61,000 including the purchase price. The project will be

financed with a 50 per cent loan from the Ontario Industrial Parks Program, a contribution of \$20,000 from the Public Works

Department for servicing and a cash contribution of \$10,500 from the town. The servicing scheme enables the town to

service the lots which are involved in the acquisition of land from Don Sherk on Centennial Drive. The Industrial

Commission is recommending this action as a "high priority" in view of the favourable purchase price of the property.

## From Colonel Sanders

Tony Vipond, adult services director, Joyce Hamelin, executive director, both with the Huronia Association for the Mentally Retarded, and Alex Short, of Loft Family Restaurants,

hold a cheque for \$1,100. Short gave HAMR the cheque on behalf of the Colonel Harland Sanders Charitable Organization.
