**METRIC SHOPPING IS HERE!**

Beginning in January, government regulations require that retail food scales convert to metric weighing. Until your store converts to metric weighing you will continue to purchase store weighed items by the imperial system. After conversion, food weighed in our stores will be sold in the Metric system.

One kilogram is approximately 2.2 pounds. If you require further information, pick up consumer brochures in our stores or contact:  
A&P Consumer Consultant,  
Ruth Reynolds,  
P.O. Box 68, Station A, Toronto,  
Ontario M5W 1A6.
