from DuPont laboratories

Our BEST all-season radial Save 15% OR 20%

SEASONMASTER Supreme . . . the only all-season tire in the world with the exceptional casing strength of DuPont 66 Nylon reinforced by KEVLAR belts. 5 times as strong as steel by weight, KEVLAR ensures a velvet smooth ride, added steering response and increased gas mileage by reducing unsprung weight. Wider tread with deeper, more open grooves channels surface water off to all sides to virtually eliminate hydroplaning on rain-drenched roads. Computer-designed interlocking tread elements deliver super traction in extreme snow conditions. Highest quality year 'round performer now at our lowest prices ever! For a limited time only you can save two ways. Save 15% when you buy them in pairs or save 20% on a set of four. When you get four, you not only save more, you also get more snow traction than most radials with winter tread patterns. Whatever your choice, you get a top performance-rated tire that has a **5-YEAR unlimited mileage, road-hazard GUARANTEE.**

Performance rating 70,000 km
