provide established locally owned and managed businesses with up-to-date information on management techniques.

The program objectives are to improve the service, organization and profit structure of retailers, tourist operators and service companies in the program, through counselling and the demonstration of new management and accounting procedures.

The program will be co-ordinated by the Midland Chamber of Commerce and the B.I.A. through a local committee which will select 25 owner-

managed businesses from the list of applicants.

Each of the selected businesses will have its operations assessed

confidentially by a consulting firm hired by the ministry.
