

Four arrested after medical centre burglary

Three Toronto men and a juvenile have been charged with the break-in of the Victoria Harbour Medical Centre and a Victoria Harbour cottage last Monday. A car stolen from Toronto was also recovered.

James Wilde, 25, John Wilde, 16, and Labros Dimzas, 20, were

remanded to the Barrie Jail until a bail hearing yesterday.

The unidentified juvenile was returned to the Uxbridge Training Centre, from which he reportedly escaped last Friday.

Prescription drugs were taken from the medical centre.

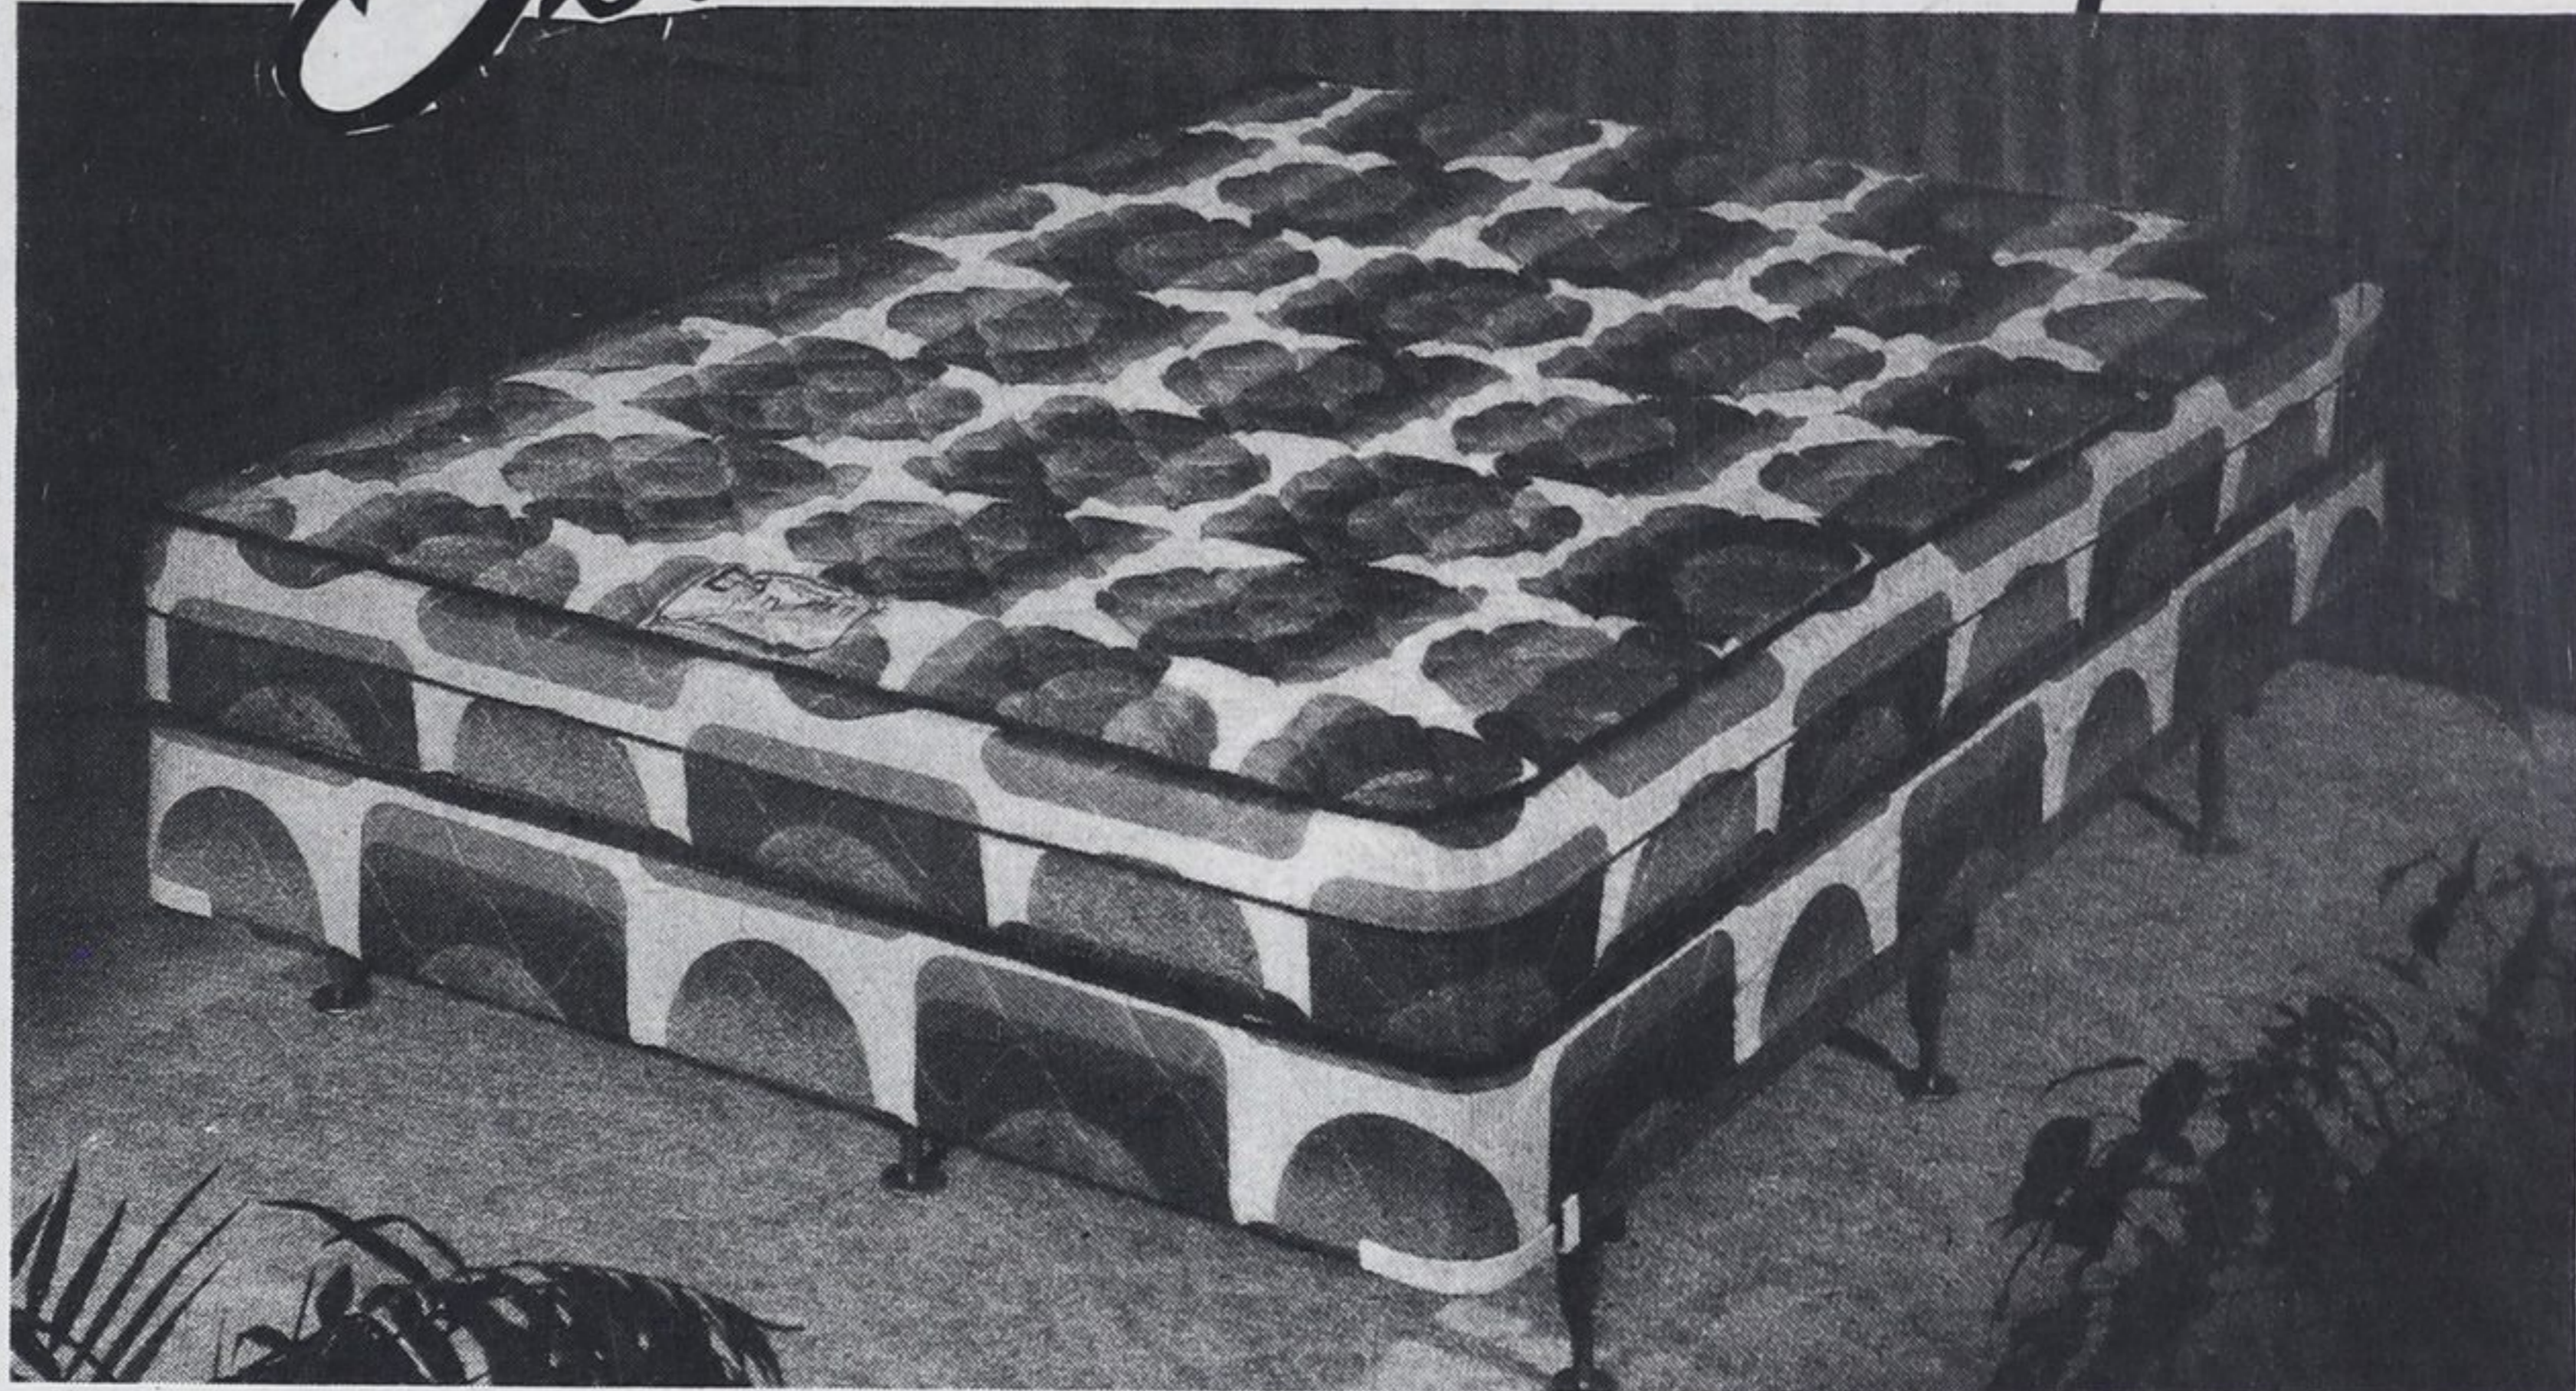

A wet run

Earlier this week they Jogged for Jobs from Penetanguishene to Midland as part of Hire-a-Student Week in North Simcoe. Even in the rain those who took part in the event kept smiling and jogging.

These Waterbed values at Therrien's make a great

Bedtime Story!

MARINER II flotation system

- Contemporary polyester ticking multineedle quilted poly foam for softness.
- Insulating layer of 1" poly foam with cloth underlay to protect water mattress.
- Full Flotation—unrestricted wave action for full waterbed sensation.
- Wrap over safety liner.
- High density foam cavity for shape retention and extra edge support.
- Posture Box Base with matching ticking provides rigid economical support for your flotation mattress.
- Compatible with conventional linens and headboards.
- The addition of a C.S.A approved heater may enhance sleeping comfort and prolong the life of the unit.

• Fill, drain and repair kit.
