Vasey U.C.W. Report
The Vasey U.C.W. met on Tuesday evening June 22 at the church. Letters of appreciation were read and reports given. Five past presidents attended the 20th anniversary tea held at Stayner recently. Country family night will be at the Hancock farm on July 23.

We had the pleasure of meeting Michelle Stanley from Orillia who with her husband spent last year in Haiti as missionaries sent out by World Challenge. In spite of the obstacles they plan to return after a short visit home. Haiti has experienced a bloody history from the days of the first conquest by the Spaniards, then the

British and the French. No native people indigenous to the island are to be found. Except for a few elite the

population is very poor. Help sent by governments such as our own never reaches the 75 per cent who are illiterate

and who speak Creole. Nevertheless the government sends its communiques in French which only the elite can

read. From the days of the slave influx from West Africa until now the Voo-Doo rituals have a

great hold on the population. Our appreciation was given our youthful speaker by Mrs. Winnie Faint.
