Rascals Restaurant... deliciously different

It takes two hands to eat a sandwich from Rascals Restaurant. The filling is extra thick whether it's egg salad or corned beef. The bread is freshly made each day and thickly sliced.

Rascal's soups are home made as is the chili and everything else on the menu.

The waitresses are as cheerful as the decor and you can watch the world stroll by through their large picture window which faces King Street.

Barb Downer and Ken Mair are the owners and operators of Rascals Restaurant. They are responsible for the design of

the restaurant. Almost everything from the tables to the seat covers were made by themselves or their family.

Rascals offers take-out service everyday, from Monday through Saturday. It would be appreciated if take-out orders were placed before 11:00 a.m.
