

Clancy nails down title

by Andy McDermott

Champion nail driver among the ladies of Wymbolwood Beach Association for the year is Jeanie Clancy with a score of 10 blows to drive an eight-inch spike into a log.

She was 50 per cent better than all of the other 50 contestants in the annual beach Field Day activities at Tufts Park on Saturday.

More than 200 residents and young people participated in a two-hour schedule of events marking the 35th year of the 200-member association.

Glen Scott was one of the major point winners, managing to place first in the long distance run plus other events. Marc Phillips' frog beat all others across the finish line in the field of 50 entries that opened the day's schedule which was arranged by Mrs. Dale Recchia and Ralph Champion and their committee.

Earlier in the week Eric From and his brother Stephen were one-two in the annual sailing race. Lou Graham placed third.

This wound up the year's programs except for the annual meeting to be held at the Orange Hall in Wyevale on Sept. 4 at 10:30 a.m.

The bear facts

During the first weekend in October, the Town of Midland will be the scene for Homecoming '82. The celebration has its own mascot "Middy Bear" who has been out drumming up interest for the celebration as you can see here.

Why pay finance charges?

rehash them but I would like to acknowledge many of those whose dedication and hard work have seen this Project through:

First, the people of Waubaushene, for their patience and cooperation.

Second, Tay Council past and present for their many hours of meetings and determination and decision making.

Third, P.U.C. commissioners past and present for their many hours of work on your behalf and for administering and operating of the system for the township now that it is complete.

Fourth, our engineers and contractors who worked hard and expeditiously to give us a quality job with the least inconvenience.

Our township office staff - particularly our clerk Brian Hopkins and our treasurer Gladys Smith, without whose hundreds of hours of hard work, dedicated hard work, this project could not have been successful.

And to everyone who has been involved, THANK-YOU.

We also should

recognize as part of this project that with the assistance of the MTC Tay Township has rebuilt the streets of Waubaushene and paved 9.6 kilometres. The total cost of this part of our project, done over two years, is \$537,543. This amount, if compared to the total roads budget of 1981 represents 78 per cent. Tay Township stopped any major road work in Waubaushene in 1977 until after the pipes were in. The pipes were in by summer 1981 and, as promised, the streets are fixed, not in three years as originally thought, but in one year.

I would now like on behalf of Tay Township, its council and ratepayers, to pay public tribute to a man who has dedicated his time and energy over nine years for the good of all Tay residents.

He now stands in the background having laid hold of the responsibilities, executed them with fervor, and now retired to let others carry on. His dedication and leadership have contributed beyond our ability to repay him with thanks - greatly to this project and many others.
