

Province puts out new magazine

'Landmarks', a new magazine covering all aspects of Ontario's natural resources, was launched today by the

Ministry of Natural Resources.

The new magazine, with an initial subscription list of more

than 25,000, replaces several publications which dealt with specific resource programs, such as the

'Fish and Wildlife Review' and 'Your Forests.' Subscribers to these two magazines will receive 'Land-

marks' on a replacement basis for the first year.

"Over the years, there have been many

resource landmarks in Ontario, some unique in the world," Deputy Minister W.T. (Bill) Foster says in his in-

roduction to 'Landmarks'. "We expect this magazine will keep you informed of many more as they occur."
