Quality Control Manager

A medium size manufacturer of automotive accessories and sporting goods requires an individual to take full responsibility for establishing and managing a quality control system. Processes include metal-stamping, forming, welding, machining, packaging and assembly techniques, painting, chrome-plating, zinc-plating and some plastics technology.

Individuals selected will have several years experience in quality control in a manufacturing environment, have demonstrated a successful track record of achievements and have the academic background to sustain growth for himself herself and the company. This individual will be capable of varying his/her style from sophisticated technician to shirt sleeve-type operation.

Salary and benefits will be commensurate with experience. Please address all replies in strictest confidence to:

General Manager,
Algonquin Manufacturing,
Box 1350,
Huntsville, Ontario,
P0A 1K0

Edwards, Manley—We wish to express our sincere thanks to our relatives, many good friends and neighbours for the kindness shown in the loss of a dear father and grandfather. We are grateful for the floral tributes, memorial donations, cards and food. Special thanks to Dr. Martin, staff and nurses at Huronia District Hospital, and especially to everyone involved on the Chronic Care Ward. Also thanks to the Vasey U.C.W. and the W.I. for the lovely lunch, and to Elmvalle L.O.L. for their memorial service. Thanks to Rev. Wesley Oake for his comforting words and to Nicholls Funeral Home. Your kindness will never be forgotten.

The Edwards Family
