Salute To The 4-H's

BUILDING ON EXPERIENCE

We honour our 4-H Clubs throughout our country and our community. They offer young people interested in agriculture, ecology, business, the arts, health and personal development and family management the opportunity to learn more about these important factors in today's modern world.

Reaching into urban, suburban and rural Ontario, 4-H gives youths from 9 to 19 the chance to work with adults on fresh approaches to problems in their areas. What our young citizens learn today will help in building a finer tomorrow, for them and for all of us and we acknowledge and thank our 4-H Clubs for helping in this important endeavour. Remember, give our 4-H Clubs your support!
