## New chief likes small town life

Penetanguishene's glad to be back in a new Police Chief, small community. He Robert Cummings, is grew up in the town of

## Window painting contest

Penetanguishene students will apply their artistic talents to downtown store windows as well as their own school windows again this year, in competition for prizes awarded in the Legion's window painting contest.

High school students may decorate store windows downtown with designs approved by their class teachers. Designs should be suitable for both the Christmas season and Winterama.

Elementary school students will be decorating their school windows. All Penetanguishene students are invited to participate.

"It is quite an attraction for the downtown," said Chamber secretary Joyce Sauve. "We've had a number of requests about it already."

Students must complete their window-painting before Dec. 16, at 9 a.m., when judging will begin. The Legion will soon announce the prizes to be awarded.

Marathon, and enjoyed life in a small town for 20 years, but his police work led him to Toronto. He worked for 13 years in Toronto, Scarborough and North York before his transfer to Penetanguishene.

"City life was never my bag," he said on Monday, after his swearing-in ceremony. "I'm happy to be here, working with the citizens and the council

to help make this a safe place to live."

Chief Cummings is presently staying with friends in Penetanguishene, until his family home in Pickering is sold. His wife and two sons, aged nine and four, will join him here when they've found their new house.

"My oldest boy loves sports. I'm sure he'll get plenty of sports here," he said.

## Promotes friendly atmosphere

At their annual general meeting of ACFO-Huronie, the Francophones of the Penetanguishene area have voted unanimously the following resolution:

"That ACFO-Huronie congratulate the Chamber of Commerce of the town of Penetanguishene for the

display of Canada's two official languages in their Christmas decorations in the town centre."

"We at ACFO-Huronie, strongly encourage all residents of our region to come and see the work done by the merchants of Penetanguishene to

promote not only a friendly atmosphere but also a good place to shop."

## Are your hard-earned dollars going up in smoke?

Then take a few minutes now and discover how adding electricity to your oil furnace can dramatically cut the cost of heating your home.

If your oil furnace is in good condition, but you'd like it to run more economically, a dual-energy system combining oil and electricity may be just the answer. In fact, depending on how much electric heat you add, and how you operate your system, you could use as little as one tank of oil for an entire heating season!

For example, an electric plenum heater or heat pump, will reduce the amount of oil your furnace uses by up to 75%. In addition, a heat pump provides air conditioning in the summer for economical year-round comfort.

If your furnace does need replacing, an electric furnace or one of the other electric systems can heat your home cleanly, efficiently and economically.

If you'd like to know more about dual-energy and all-electric systems, write to Ontario Hydro, 620 University Ave., 4th Floor, Toronto M5G 1X6, and ask for our free booklet "Electric Heating Options for Your Home."

The few minutes you take now could add up to big savings this winter.
