In the news

A small fluffy black and white cat which was carried away from Hillsdale Community Park under the hood of a car is still in Hillsdale. During a baseball game at the park on July 22, the cat climbed under the hood of a car and was carried inside the car to Anne Street. Sylvania Holderny, who

Cat tale from Hillsdale

has the cat, says, "After staying a day or two with various residents she settled at this house, probably because there are no other pets living here."

"I have made several attempts to locate the owners. She is a very friendly cat and I'm sure they must miss her."

Inquiries may be made by telephoning Sylvania Holderny (835-2307).
