Financial Opportunity

A well established and profitable automotive parts manufacturer, located in Central Ontario, is seeking a Manager, Manufacturing Accounting.

This position has complete divisional responsibility in the areas of cost and price administration, product costing and analysis, inventory and factory accounting, capital expenditure accounting and control and customs.

The successful candidate will have an accounting designation, likely an RIA, and experience in the management of an accounting group involved with manufacturing accounting in a high-volume, multi-plant environment. Exposure to modern computerized process and/or job cost systems will be a definite asset. The ability to direct and motivate a staff of professional and clerical people in a fast-paced environment is essential.

This position will appeal to a professional who seeks to combine an attractive, alternative life style with a career advancement opportunity.
