

Six teams in Bush League for the upcoming season

by **BONNIE ORR**

This year there are six enthusiastic teams playing in the Elmvale Bush League.

The teams are the Elmvale Steelers, Minesing Islanders, Phelpsston, Wyevale Hawks, Oro and Perkinsfield.

On Thursday, Oct. 25, the teams came together at the Elmvale arena to plan an exciting second time in the season.

The first game was played by the Elmvale Steelers against the Minesing Islanders. Bill Luck, from Minesing, got the first goal. When Joe Belesky of Elmvale was in the penalty box, Gary Hansford, from Minesing got the 2nd goal on a power-play.

Elmvale's first and only goal came from Doug McMann.

Ross Downey, Lou Priest, Brad Adams, and Paul Priest of Minesing, all showed their determination in each getting a tally for their team.

Tim McGinnis from the Elmvale Steelers team, was out of the line up. The team hopes to see him back playing this Thursday. Steelers coach is Larry Fallon. The Managers are Dan McGinnis and Paul Jamieson. The final score of the game was Minesing 6 Elmvale 1.

The second game of the evening was played by Phelpsston and the Wyevale Hawks.

Phelpsston's first goal was scored by Lenny Wright. Wyevale came back quickly with Wayne Dixon finding the target.

Phelpsston's second and last goal was scored

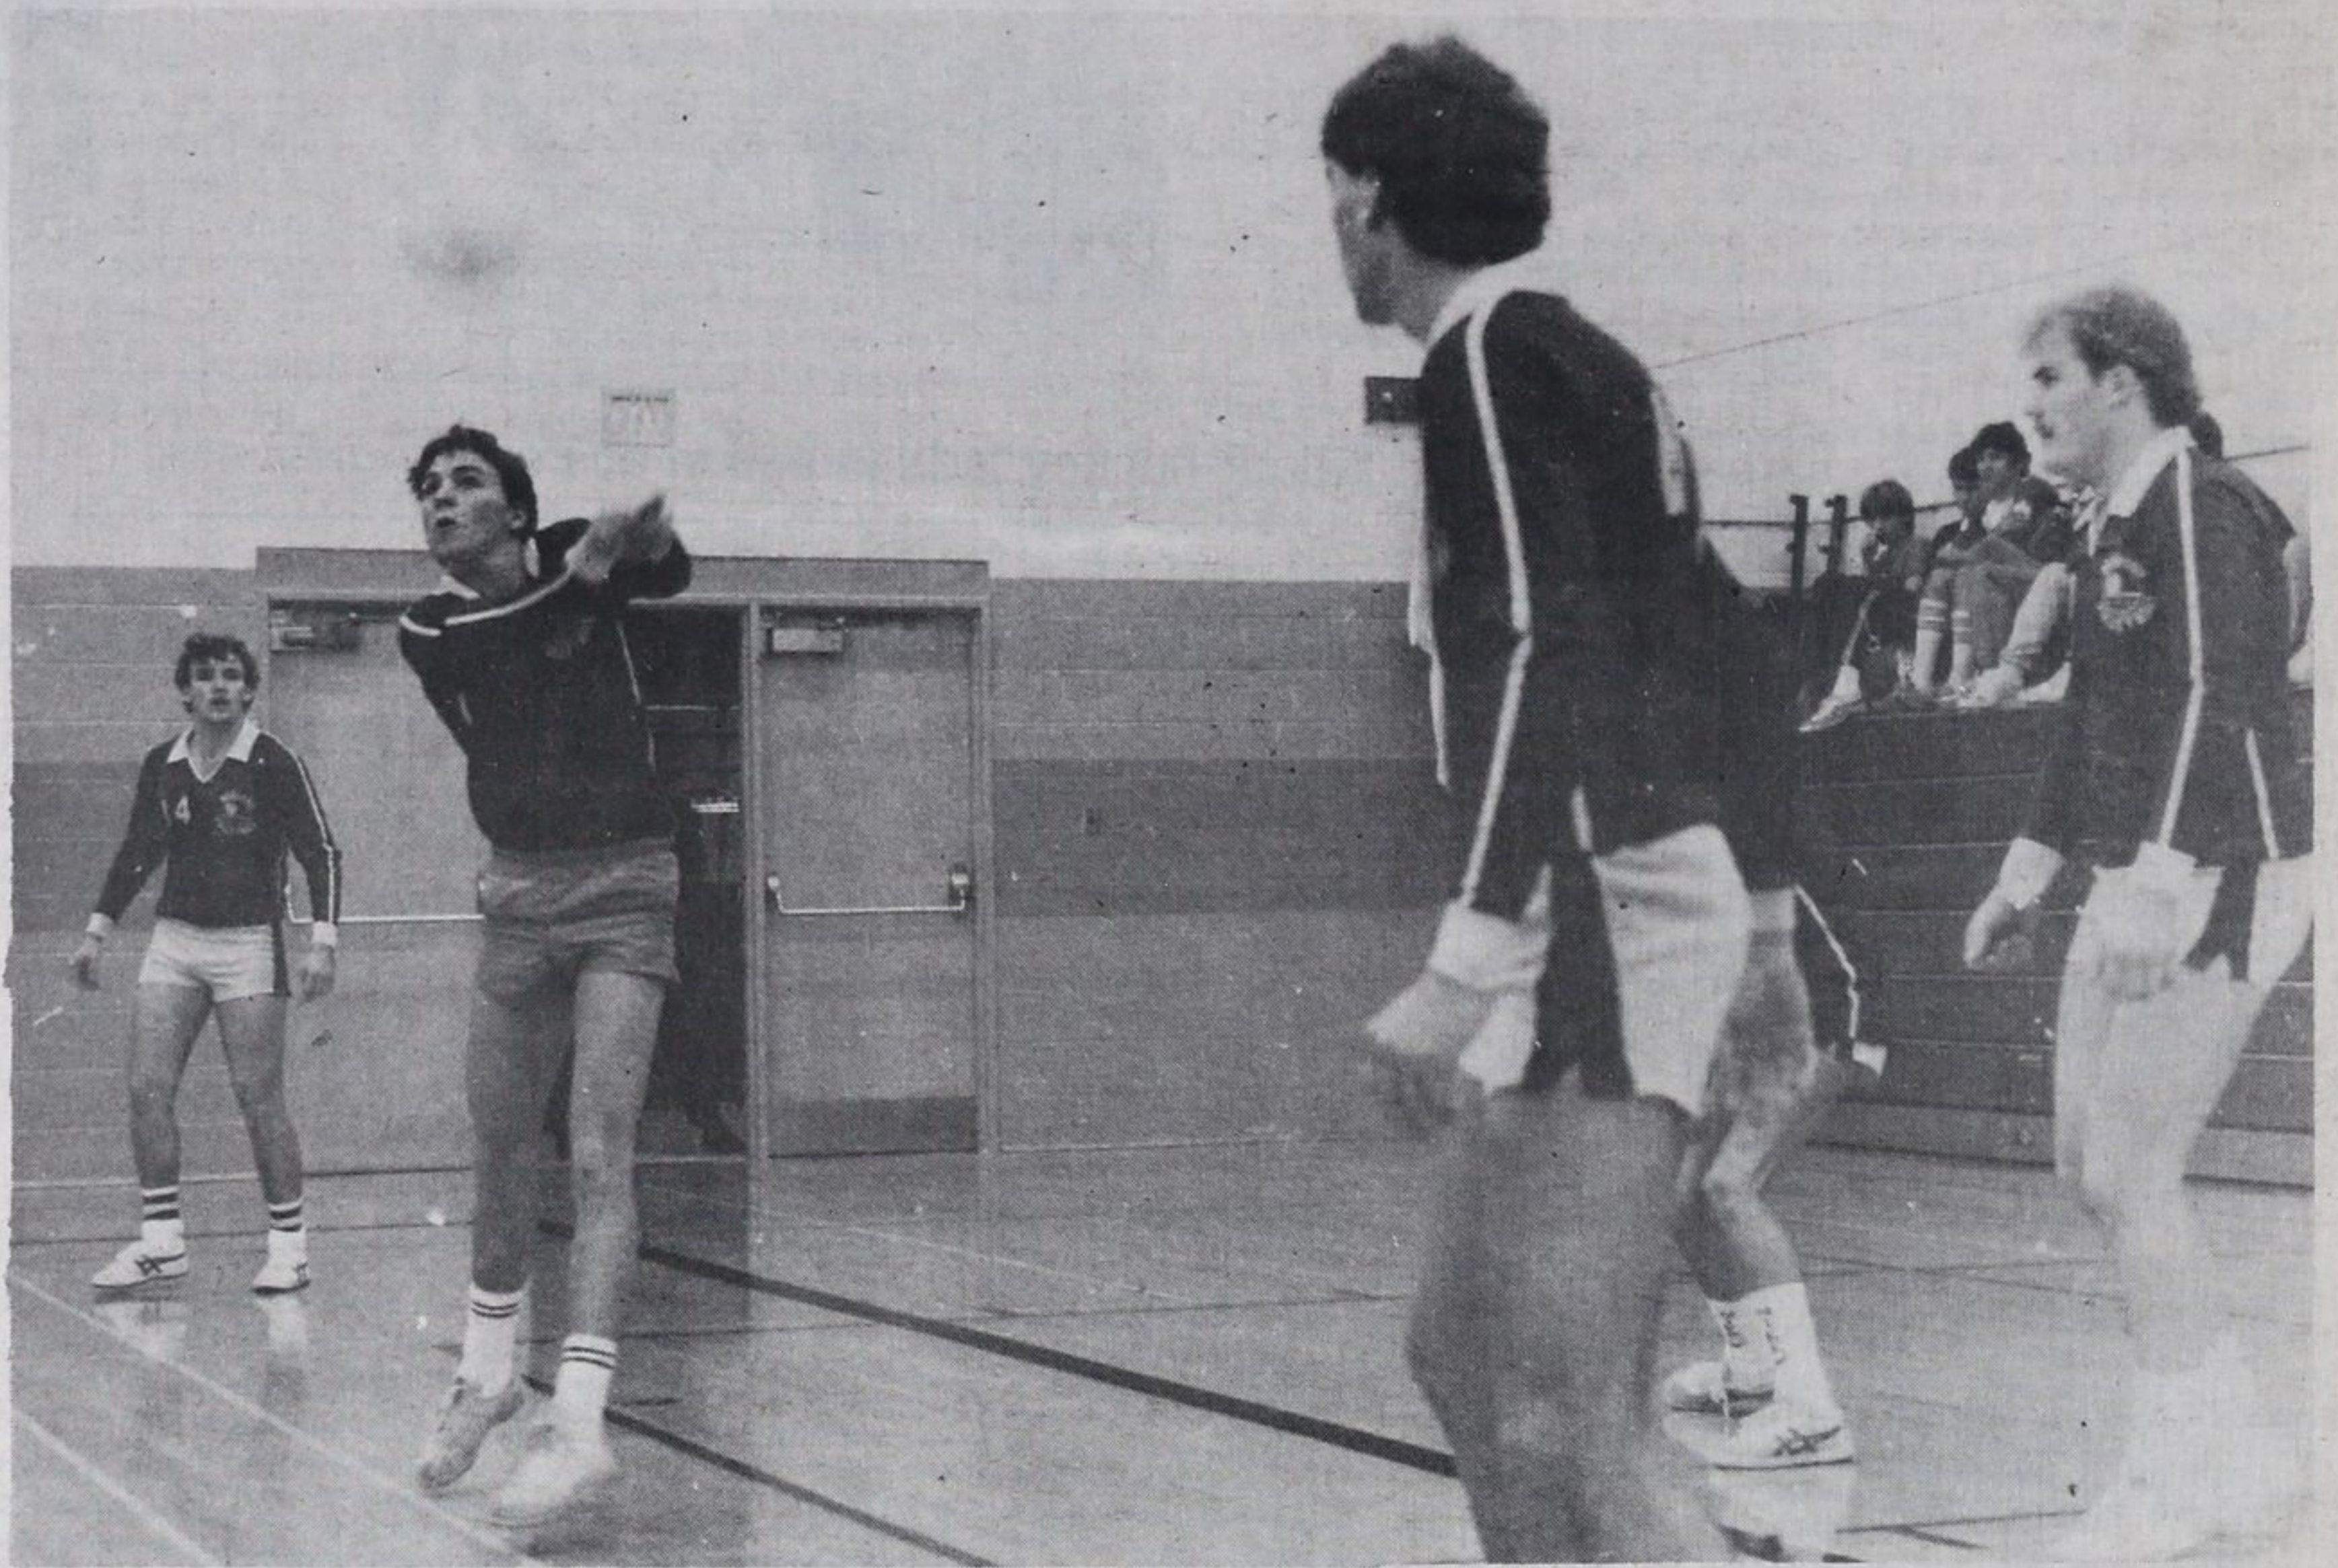

by Gerry Craddock. Wyevale ended up defeating Phelpsston 7-2.

Oro played against Perkinsfield in the last game of the evening.

Oro defeated Perkinsfield 6-2. Fans are welcomed to

join in on the enthusiasm and excitement. Bush League

plays on Thursday nights at the Elmvale Arena.

What a team

A Simcoe County Officials tourney, staged at Barrie Eastview on the weekend, attracted 16 volleyball teams from as far

away as Grimsby. MSS senior Marauders, left to right, Mike McKeown, Jerry Woods, Jim Faragher and Sloan Campbell receive

serve in semi-final game against Park Street.

St. T's does it all

St. Theresa's senior boys volleyball travelled participated in a round-robin tournament at Eastview Secondary School last Saturday.

St. Theresa's lost the first game against MSS, 2-15, 14-15 due to poor passing and lack of intensity. The second game was much closer, but Crusaders still weren't playing well.

Crusaders won the second match against Eastview 15-9 and 15-11. Then the team started to play a more consistent game.

St. Theresa's also came out on top in the third match against Barrie North by scores of 15-12 and 15-4.

Other teams that were beaten by the Crusaders were Banting, Woodbridge and Eastview again in the semi-finals.

In the finals Crusaders met up with MSS Marauders again.

This time St. T's came out on top beating MSS 15-4 and 15-10.

Crusaders forced MSS into making passing mistakes while the tired MSS spikers were not able to mount a serious attack.

Crusaders and Marauders meet again tomorrow at the zone championships at Park Street in Orillia.

Tips of the trade

Have you ever thought about what you would do if your car caught fire or stalled on busy highway? If you haven't, there's no time like the present to consider a few precautionary measures.

If your car catches fire your first impulse will be to get out and, if the fire is at all advanced, to get away from the vehicle. On leaving, unlatch any interior hood lock, but touch the hood carefully before opening it, not only to prevent burning your hands but to avoid an outward swelling of

flame if the fire is burning beneath the hood.

If there is not great flame but wiring is burning, pry or rip it loose with a handkerchief protecting your hands. If there are flames, smother them if possible. A fire extinguisher is ideal and should be carried in the car, but an old blanket, or even your shirt can be used. If you are unable to make any headway and the fire gains on you, retreat to a safe distance and call for help.

Stalled car crisis
If you are driving with

passengers along the expressway and your car stalls, get the car completely off the roadway. Get the passengers out of the car and away from the road. Signal for assistance. Attempt repairs if you are

qualified, but do so well away from the road.

A more or less universal signal that you need assistance on the road is to display a square piece of cardboard or a flag that can be seen from a passing vehicle. A white cloth

is another emergency signal.

Wait for help
If you are alone--especially a female alone--and it is dark, your strategy for handling a disabled vehicle should be

somewhat different. Get the car off the road. Stay inside, and lock the doors. Signal for assistance, and wait inside the car. Don't unlock your doors for anyone than an emergency service vehicle or police.

Over 150,000 graduates recommend

YDC Young Drivers of Canada
MIDLAND/PENETANG

NEXT COURSE STARTS NOV. 12

Mondays and Wednesdays
- 6:00 p.m. to 9:00 p.m.

For four consecutive weeks including
ten in-car training sessions.
