A deer and car collide

A car-deer collision early Saturday morning on Highway 400 extension north of County Road 23 Tay, resulted in the animal being killed and the car that struck it sustaining \$3,000 damage.

The occupants of the southbound vehicle, all from New Jersey, weren't injured, Midland OPP say.

Cardinal to concelebrate anniversary mass at Shrine

Cardinal Carter will concelebrate mass on Sunday, Sept. 15, at

Martyrs' Shrine during an outdoor service to mark the first an-

niversary of Pope John Paul's historic visit last year to Huronia.

Plans for the special event are currently being made by a committee of volunteers working with Fr. James Farrell, director of the Shrine.
Last Sept. 15, an

estimated 100,000 people were on hand at the Shrine to greet the Holy Father after he first paid a visit to Sainte-Marie shortly after landing by helicopter from Toronto.

Refuge for women closer to opening

Midland's first refuge for battered women and their children likely will open late September. The staff have been hired and are being

trained. Part of the training involves visiting refuges in Barrie, Owen Sound and Aurora.
As soon as the refuge

is open, more emphasis will be placed on fund raising. Twenty-five thousand dollars needs to be raised in the first year.

Chalk up a hectic week

During the period July 29 to Aug. 6, Midland OPP probed a total of 31 motor-vehicle accidents on North Simcoe district highways.

Of the above number, 15 of the crashes were classified as "property damage" ones while five others fell in the category of "non-reportable."

The remaining mishaps were all

Firemen visit stubborn fire twice

Tay Township volunteer firefighters made two trips from their Number One fire hall in Waubaushene before successfully extinguishing a garage

fire in Fesserton, Sunday evening.

Careless smoking is the suspected cause of the blaze which destroyed the residential storage garage, and its contents, including cans of gasoline, valued at approximately \$5,000.
Although the fire was

doused once at approximately 5:45 p.m., the building's metal clad construction allowed burning embers to continue smouldering, and the firemen were called back to the scene at 9 p.m. to finish the job, without further incident.

Wet road accident cause

A wet road was the cause of a two car collision in Sunnyside late last Saturday afternoon. Involved were Fred Bennett, 64, of McArthur Drive, Tay Township, and Warren Beighton, 23, of Toronto.

The Bennett car skidded and collided with the Beighton car on Bayview Avenue at Fuller Avenue.

Outboard motor stolen

A Willowdale man with a cottage in Tiny Township lost an outboard motor last week. The nine horsepower outboard motor was taken from a boat tied to a dock at the cottage of Jerry Sikalski.

Uniting mankind is the most important thing there is to do.

World unity is not an ultimate, far-off goal. In fact, the world has already become virtually one country, and its problems can only be solved by the united will of humankind. Over a century ago, Bahá'u'lláh, the Founder of the Bahá'í Faith, said: "The well-being of mankind, its peace and security are unattainable unless and until its unity is firmly established." Just as the teachings of Christ, Moses, Krishna, Buddha and Muhammad united great numbers of people in the past, the teachings that Bahá'u'lláh has brought from God in this age show the way to unity for all mankind.

Mayor in hospital instead of court

Midland Mayor Allan Roach was in Huronia District Hospital on Monday for a medical test, rather than in Midland Provincial Court.

The charge of assault case against the mayor brought by Alderman Patrick Kearns was

scheduled to be heard on Monday.

The new date for the trial is Nov. 18, six days after the next municipal election.

The charge stems from an incident at town hall during a special in-camera meeting earlier this year.

Mayor won't require operation

Midland Mayor Al Roach following a thorough examination at Huronia District Hospital, Monday morning, was released at noon with the

assurance he will not require an operation now that his ulcers have all but healed, a family member told this newspaper yesterday afternoon.

Midland OPP kept hopping

During the week ending Aug. 6, Midland OPP were called out to investigate no fewer than 200 general occurrences.

Twenty-two thefts, seven break-ins and two

assaults were among the major crimes probed by our local OPP.

Meanwhile, the detachment's marine division laid a total of 12 charges under the Canada Shipping Act for small vessel regulation(s) violations on our local waterways.

And impaired drivers didn't get a break either. Seven of them were charged on area highways while 18 others faced a variety of Liquor Licence Act charges, many of them for consuming liquor in a public place.
