Care Bears add colour at PGH

This year, Penetanguishene General Hospital is marking its 75th anniversary. These cuddly Care Bears, made of ice and snow, were con-

structed in front of PGH just in time for last weekend's 39th annual Winterama. The colourful Care Bears add a warmth to PGH's surroundings.

RC Board meeting

Simcoe County Roman Catholic Separate School Board will invite representation from each of its employee groups to form the 1986 Health and Safety Committee.

The wing of the school closed to be used for school purposes approximately five years ago but has been serving as a centre for community activities under the title Place Lafontaine.

The new use results from agreement between the board and the Centre D'Activites Francaises. The building will be used as a place where artisans and craftpersons can establish studios and teach weaving, painting, theatre, etc. to members of the community.

Lease of the space by the board is on a cost recovery basis only. General Program Committee of Simcoe County Roman Catholic Separate School Board reviewed two recent curriculum initiatives of

the Board at its Feb. 5 meeting. Sister Marjorie Casey provided a progress report on Catholic Family Life Education. Anne Murphy and Helen Cyr presented an update on Early Primary Education. Both reports will be presented to all Board members at a regular meeting as soon as scheduling will permit.
