### One of a busy crew in the lab at HDH

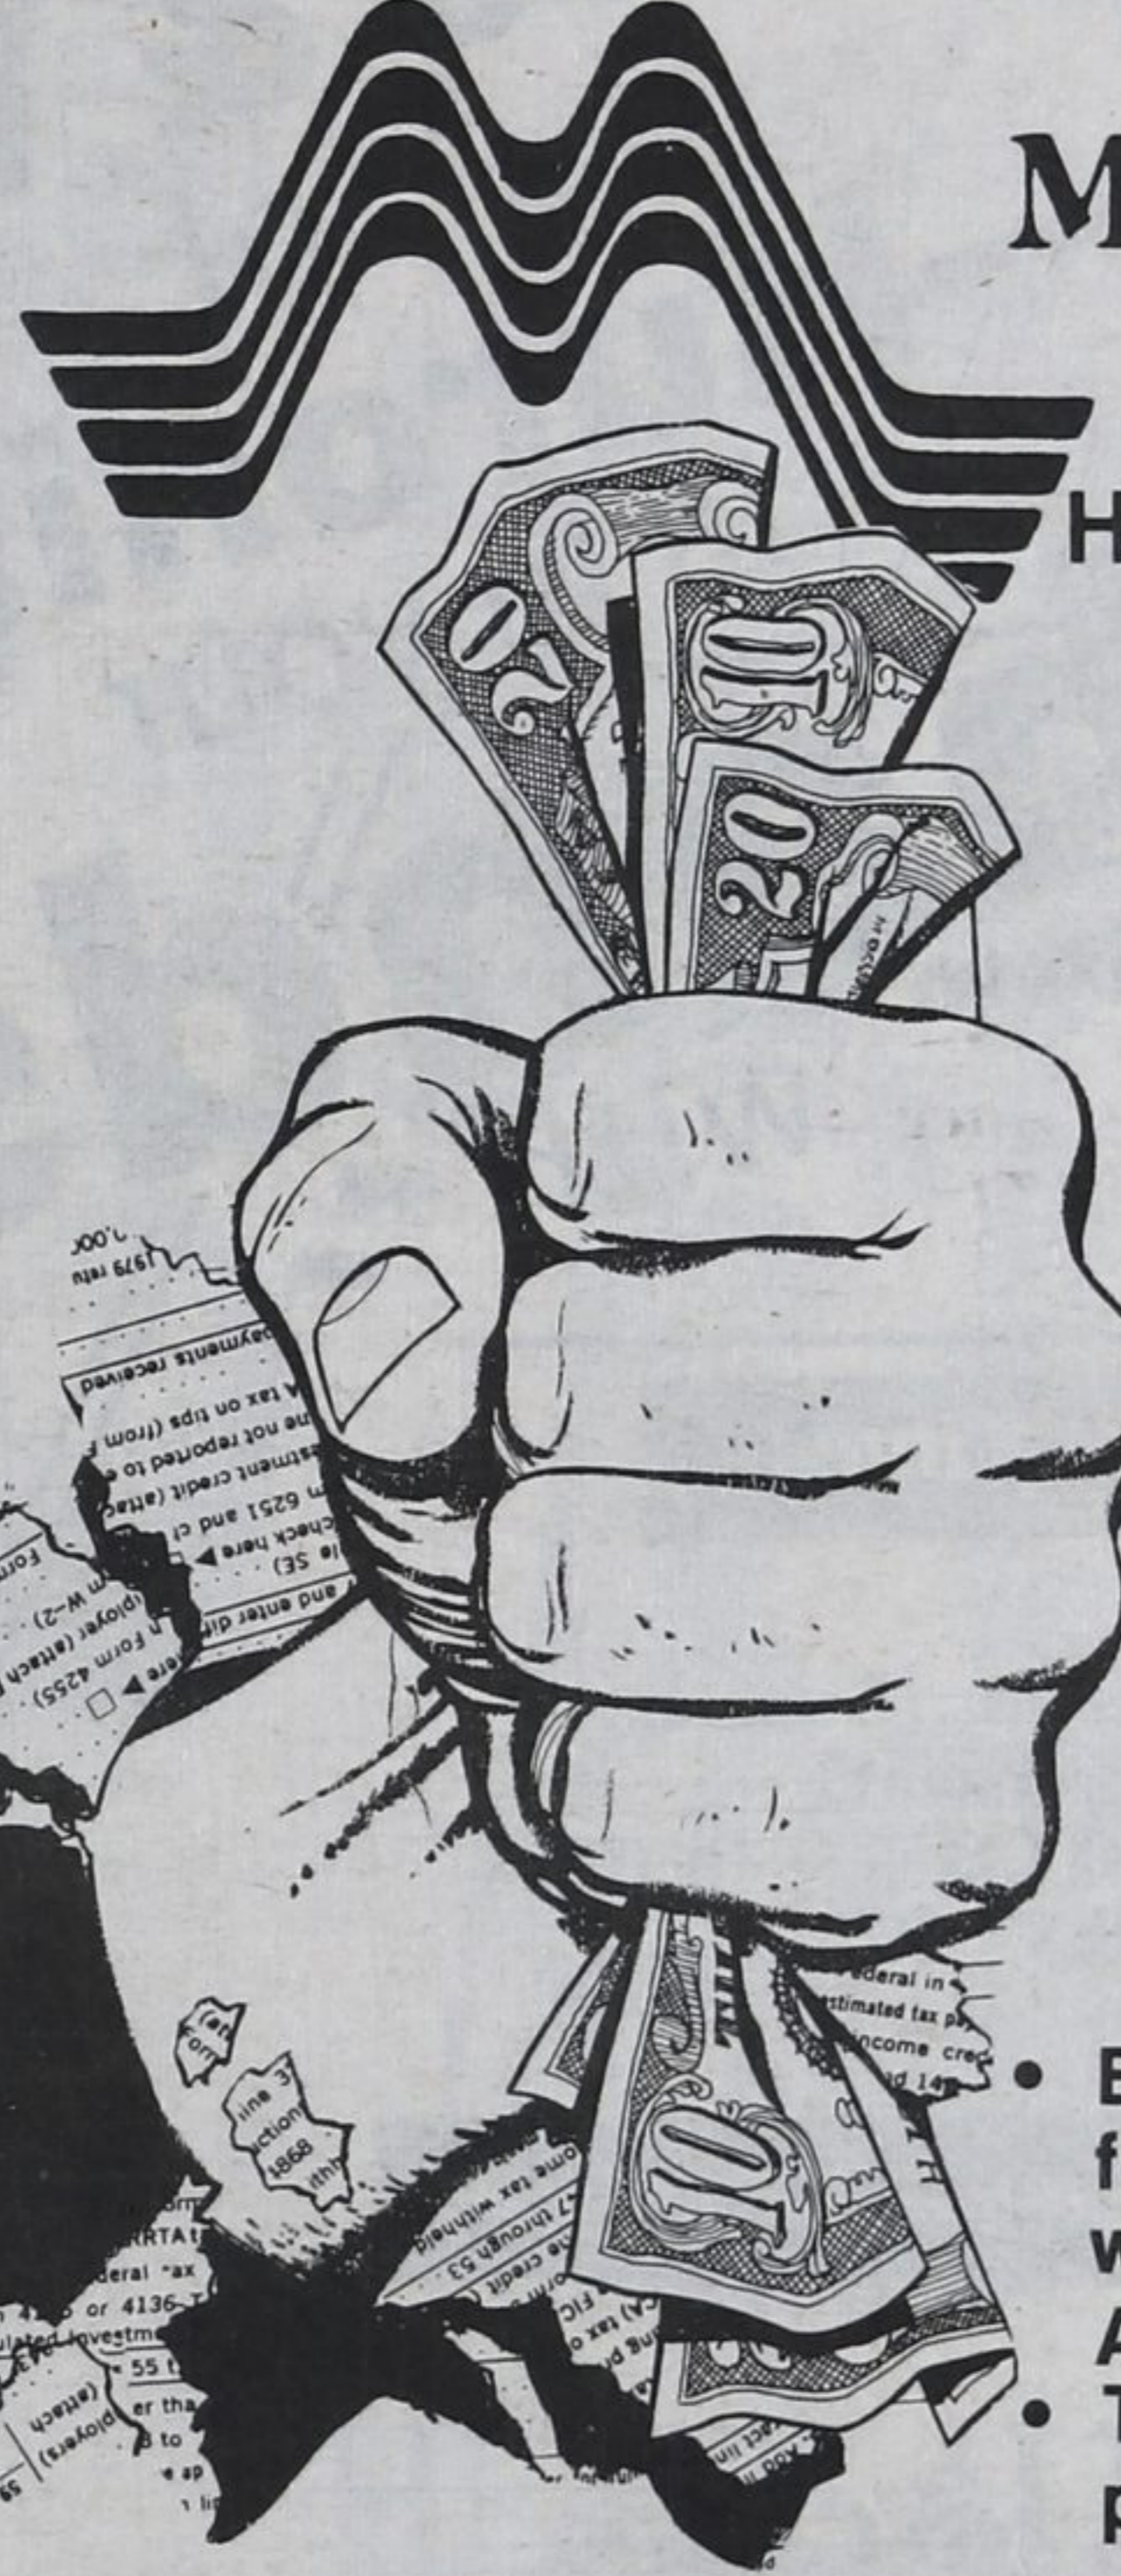

This is National Medical Laboratory Week in Canada. Open house for mini-tours will take place today, tomorrow and Thursday at HDH from 8 a.m. to 12 noon. Here's lab technologist Donna

O'Hara of Midland pausing just long enough from her busy schedule in the HDH lab to allow out to catch her on film.

### Another Anglican Women sale

The Anglican Church Women of Penetanguishene are putting on another of their rummage sales. The sale will be held in All Saints Parish Hall, Peel Street, on April 19, beginning at 9:30 a.m.

On June 3, 1986, Canadian farmers will be asked to count their chickens, and figures show that the poultry industry in Canada isn't just chicken feed. Farm cash receipts from poultry and eggs in 1985 were \$1,392,036 or 6.9 percent of the total cash receipts from farms in Canada. With the recent chicken "nugget" revolution, who knows what the 1986 Census will reveal. Count your chickens in June 3.
