"THE SHRINE"
(The Greatest Philanthropy in the World)

Shriners come from all walks of life. They represent a cross-section of the various social, economic, educational and spiritual men found in North America today.

Most people identify Shriners as those men who seem to have such a good time at their conventions and run around in little red hats — which are called a Fez. What most people don't know is that every Shriner must be a member of the Masonic Fraternity and that the Shriners are the sole support of 18 Orthopedic Hospitals for Crippled Children and 3 of the finest Burns Institutes for Children. All medical care for operations, hospitalization, skin grafts, plastic surgery, etc. is entirely FREE of cost to the patients and their families. Any child from infancy to 18 years is eligible for treatment. If you know of a child in need of such care, please contact us or phone (813) 885-2575 or (416) 633-6317.

Patients in the 21 Shrine hospitals are not children of Masons, but rather children from communities such as yours.

The Shrine raises money from its members and by sponsoring circuses, the East-West Shrine Football Game, and many local activities.

Units and clubs of the Shrine visit and entertain children in hospital wards all across the country.
