

**Our finest 2-line speakerphone.** Just listen to the terrific features of the DUOFONE®-195. Hold button places either line on hold, conference button allows 3-party calls using both lines. LCD display of time, day, elapsed time of calls

and number dialed makes keeping accurate phone records easy. 30-number memory for instant one-button dialing. Switchable pulse or tone dialing. It's the ideal phone for home or office. 43-610.....**269.95**

### Install a phone system and save

Save as much as \$1000 on your business phone system when you install System 404C. No special wiring required to put together a system of up to 10 phones, receiv-

ing up to 4 outside lines. Features include hold buttons, status lights, tone dialing, and much more. 43-451\*. Reg. 239.95...**sale 139.95 ea.**

Telephone speaker/amplifier plugs right into a modular jack. You can talk and listen without having to hold a handset. Great

for family "conference" calls, too, or for the hearing impaired. Volume control. 43-278. Reg. 39.95.....**sale 29.95**

### Controller perfect for the 2-line house

Tired of running to answer the "teens" phone or the home office phone you had installed? Don't want to have to buy two answering machines? Automatic 2-line controller directs incoming calls from two different lines to one phone/answerer. 43-381. Reg. 69.95...**sale 34.95**

### Get security for your home and save

Plug ultrasonic motion detector into any AC outlet and aim. Any motion in the protected area (up to 20 x 30') sets off a loud alarm. Features built-in perimeter alarm circuit, 30 second

exit/entry delay. Battery Backup\* keeps the unit working even during a power failure for complete and reliable security. 49-304. Reg. 169.95 .....**sale 129.95**
