**Re: Late Delivery of Midland, Penetanguishene, Elmvale, Wasaga and Huronia Weekend newspapers.**

Bayweb, the printing facility for Markle Community Newspapers, has been undergoing an extensive expansion and renovation in an effort to keep pace with modern technology in the printing field.

With this expansion we will be able to offer our customers a wider variety of printing options suitable to all their major printing needs. Keeping pace with our regular printing commitments has been a challenge to our press crew working in less than perfect conditions.

As a result we have suffered the problem of late deliveries of papers from Bayweb. I can fully understand the serious difficulties this has created for your readers, advertising customers and newspaper staff. On behalf of all of us at Bayweb I offer our sincere apologies for this disruption, which was related to new plant and equipment installation.

Fortunately, we are nearing an end to this major undertaking and expect to be meeting our normal deadlines shortly.

I would be pleased if you could pass on this apology to all concerned through the pages of your newspapers. Thank you for your patience.
