Between The Sheets
Soccer survives

with Ed Pearson

by Ed Pearson
Things looked pretty grim for the Midland Soccer Club at the start of the year. The Barrie League had folded, they had lost their sponsor and last years coach found himself too busy to guide them through the coming season.

Although the team had kept in shape by playing indoor soccer through the winter they suffered further setbacks when some key players went looking for greener pastures. Probably the greatest loss was Shane Spurr, the leagues top scorer last season, he opted to play for Orillia United this year.

Donny Foster, who is the teams general factotum, went looking for a league for the team to play in and some players to replace the defectors. He did very well in both departments. The team will be playing in the Muskoka League and he managed to recruit some very useful players. The home field will be Penetang Secondary School and the games will be played every other Sunday, kick off one p.m. The well kown local referee, Mr. Erich Deininger, has agreed to officiate. In order to better reflect the true composition of the team, it will be known as Mid-Pen United. A good sponsor could possibly effect a change of name.

**Mid-Pen United 6
Gravenhurst 1**

The game played Wednesday at Penetang was a good runout for the new players. Two of them proved to be valuable acquisitions. Alex Emberley, a newcomer, to the area, he played for Holy Cross in Newfoundland, scored a good headed goal on a cross from oldtimer Dave Campbell. Emberley, when he is matchfit, will be a double threat alongside Campbell who seems to have shaken his knee miseries from last year. Campbell notched his usual routine goal. Another new player, right winger Dave Laverdiere scored in his first game. Regular players Ted Chisholm, exploded for three goals in the second half to overwhelm the opposition. The occasion was a first for me too, these tired old eyes did a double take, there was a young woman playing for Gravenhurst. I was even more surprised to note that she was playing at the right back position. The full backs are the last line of defence, usually played by grissled old warhorses. She had chosen to play in the trenches. I didn't see her deliver any bone-jarring tackles but she read the game well and played the attackers out to the wing well. The lady's name is Sue Redpath, welcome to mixed soccer Sue.

**Mid-Pen United 3 Orillia
Internationals 2**

On paper the United stood no chance in this encounter. Orillia, formely stand-outs in the Newmarket League, have won the first three games this season. They started as though they were going to make this one their fourth victory. After about twen-

ty minutes they were up two goals by Art Bialas and Robbie Wilkshire. Slowly the game turned around. Nick Bourdeuris took his place between the sticks after an absence of 25 years for the game. After the first two goals he settled down

and the turning point came when Dave Laverdiere threw himself in front of a shop that was destined for the top of the net. He had to be helped from the field.

The United picked up their game and while it

must be admitted the Orillia was the more skilled side, it is more to the credit of Mid-Pen that they outthstled the opposition. Another new player, Bernt Helmich, scored the goal for the game on a centre form Dave Campbell.

Helmich repaid the compliment when he sent a through ball down the centre for Campbell to run on to and score. The winning goal was scored by Campbell from the penalty spot.

Muskoka Soccer

The Midland soccer club playing under their new name Mid-Pen United, stole a game away from league Leaders Orillia Internationals on Sunday Afternoon in Penetang.

United, playing this year in the Muskoka Soccer League, are seen repulsing an attack from one of the visiting forwards.

Soccer Side

The club, formerly the Midland Boatworks Soccer Club, lost their sponsor and some key players at the beginning of the season. They have made a good start to the

season, due to some of their new players, whom have proved worthy replacements for the defectors, winning their last two games in the Muskoka League.

Heads up

Mid-Pen United Soccer Club player gets his head first to the ball in the game on Sunday at Penetang Secondary School. Well known local referee Mr Erich Deininger, is keeping a watchful eye on his charges. The

united team came out on top of a three to two score against the Muskoka League leaders, on goals by Dave Campbell (2) and Bernt Helmich.
